Post...

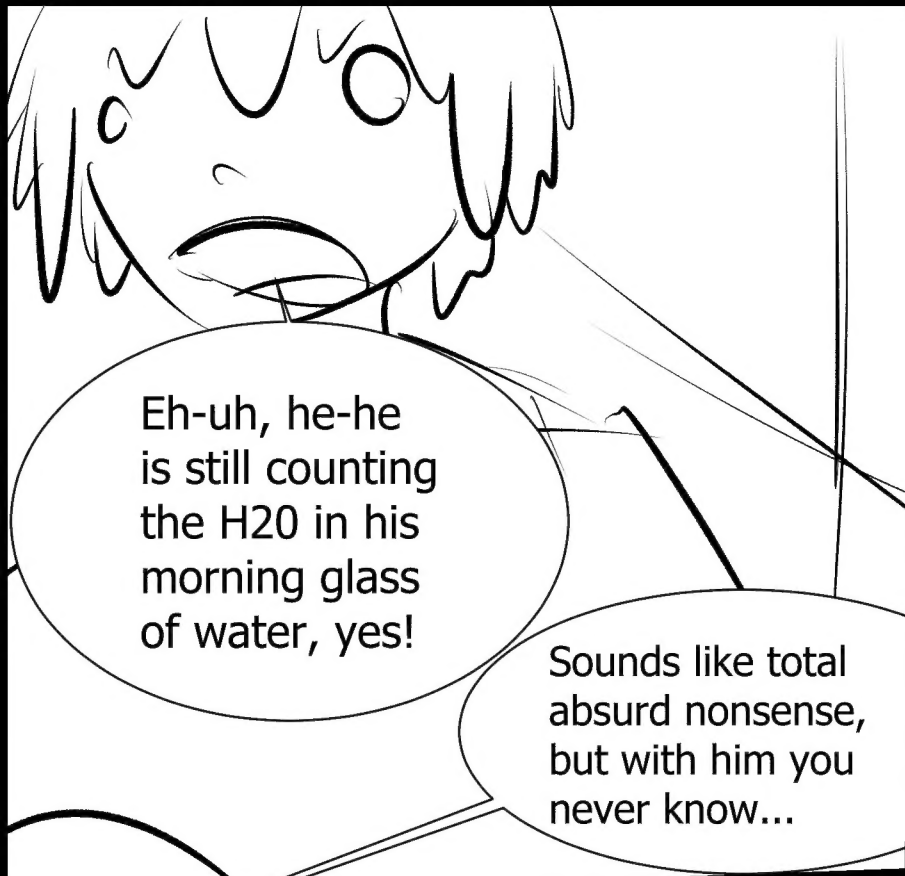

Gunning for the top and getting your stripes - Patty's mission for recognition

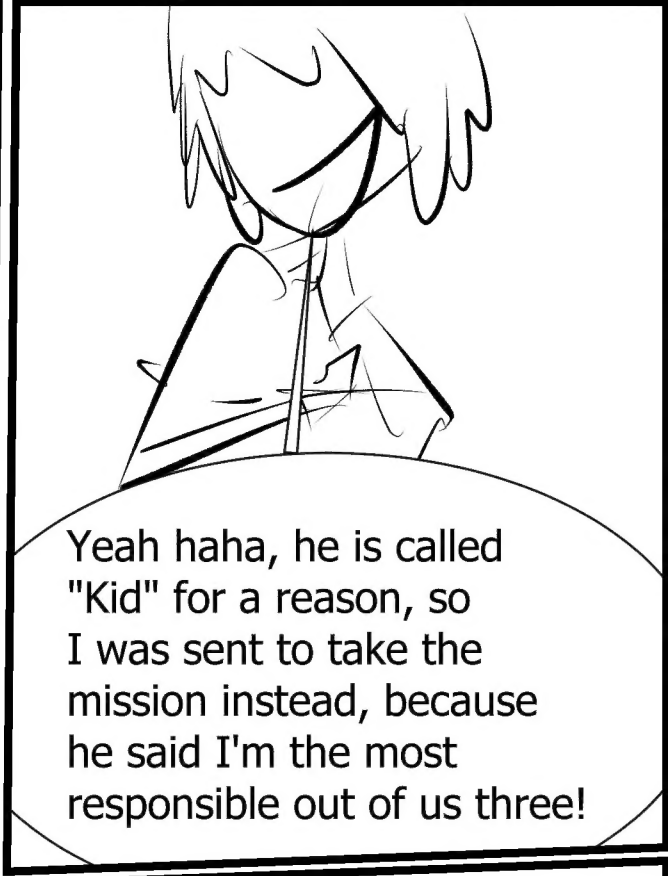

Eh-uh, he-he
is still counting
the H2O in his
morning glass
of water, yes!

Sounds like total
absurd nonsense,
but with him you
never know...

Yeah haha, he is called
"Kid" for a reason, so
I was sent to take the
mission instead, because
he said I'm the most
responsible out of us three!

After last months incident, I doubt that...

Hey, sheepherding isn't easy!

That might be true...
Then I wish you all
three luck, this is
a potentially dangerous
mission afterall, be
safe

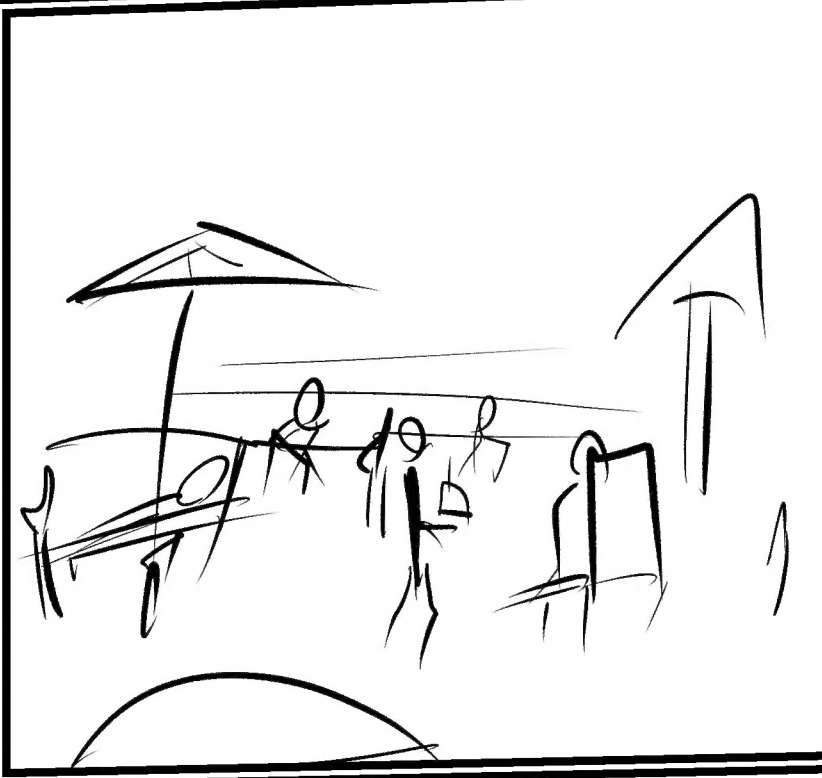

I will!!!

Shouldn't she
have said "we"?
Eh maybe the
youth is just
more egotistical
these days

At a beach in the Bahamas...

Take a seat!

You no how inappropriate it is to use this phrase in our circles!

Haha, relax
no need to
take it so
personally

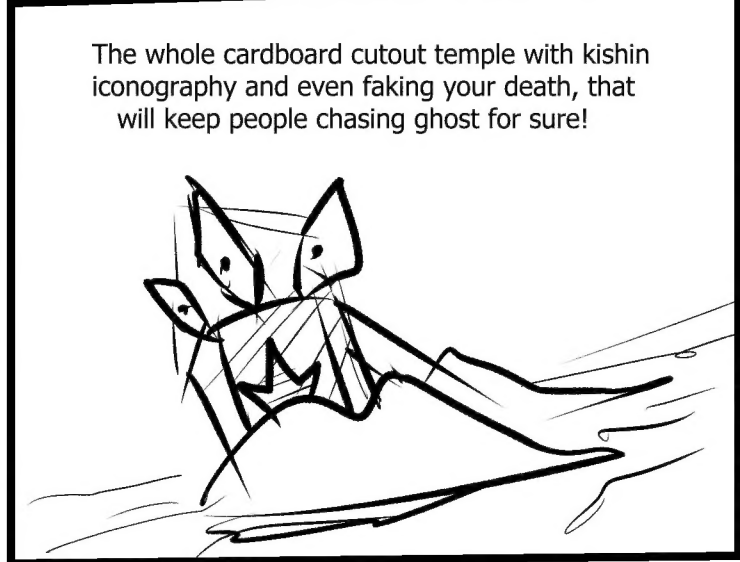

I know it better
than anyone anyways

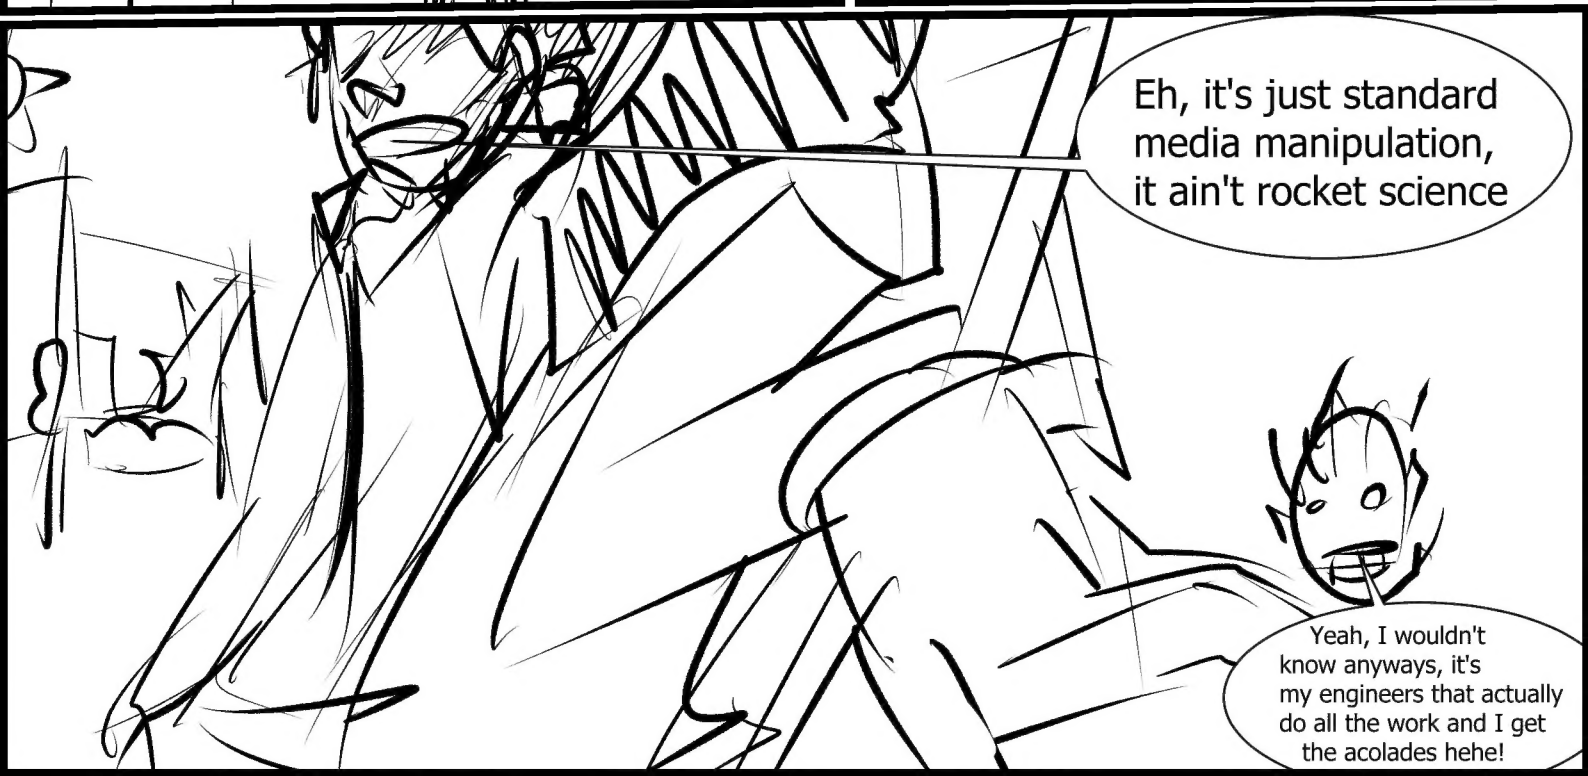

Is that a
treath?
You sneaky-

Wow, wow,
cool down,
let's change
the topic...

A decoy
distraction
island was
just brilliant!

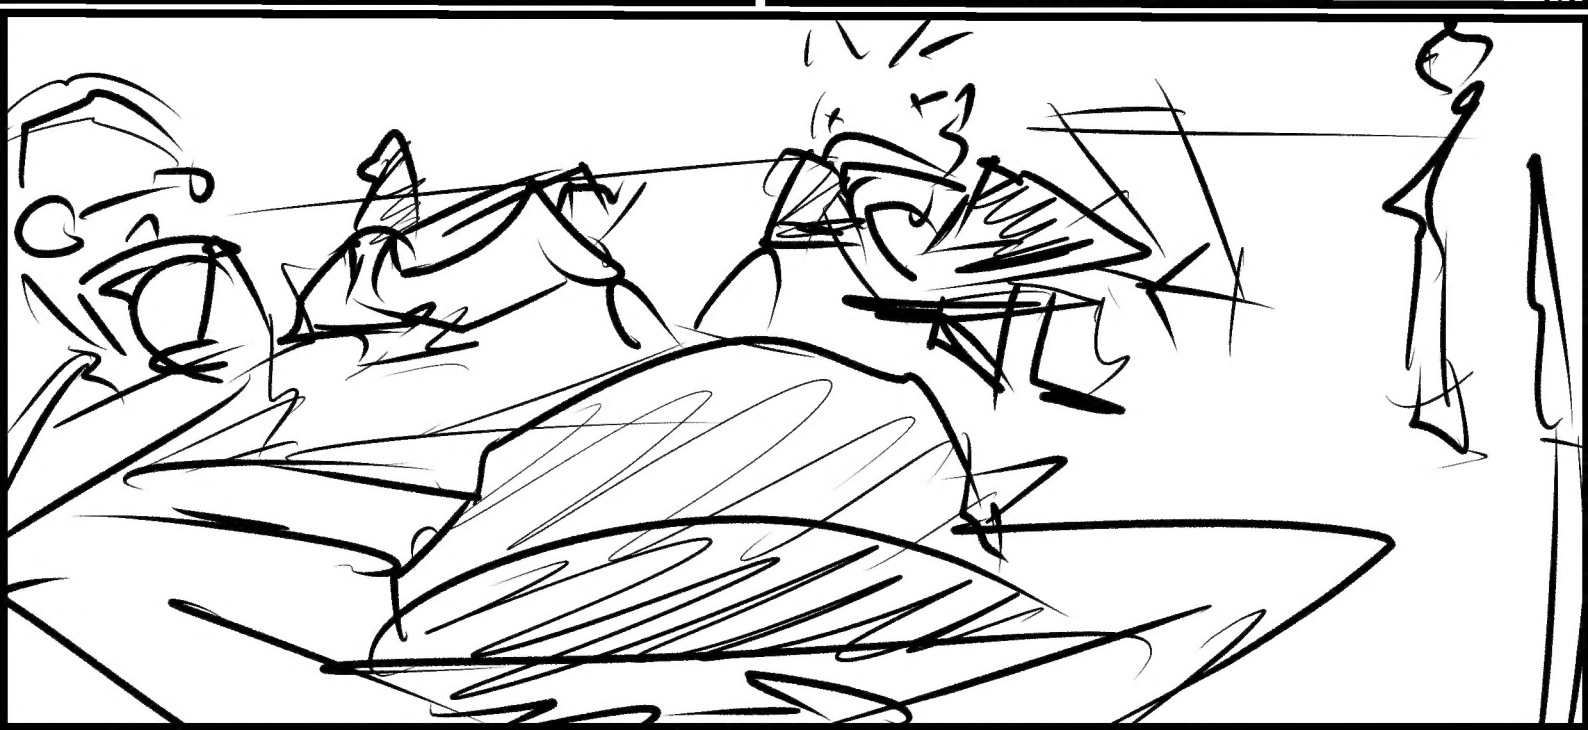

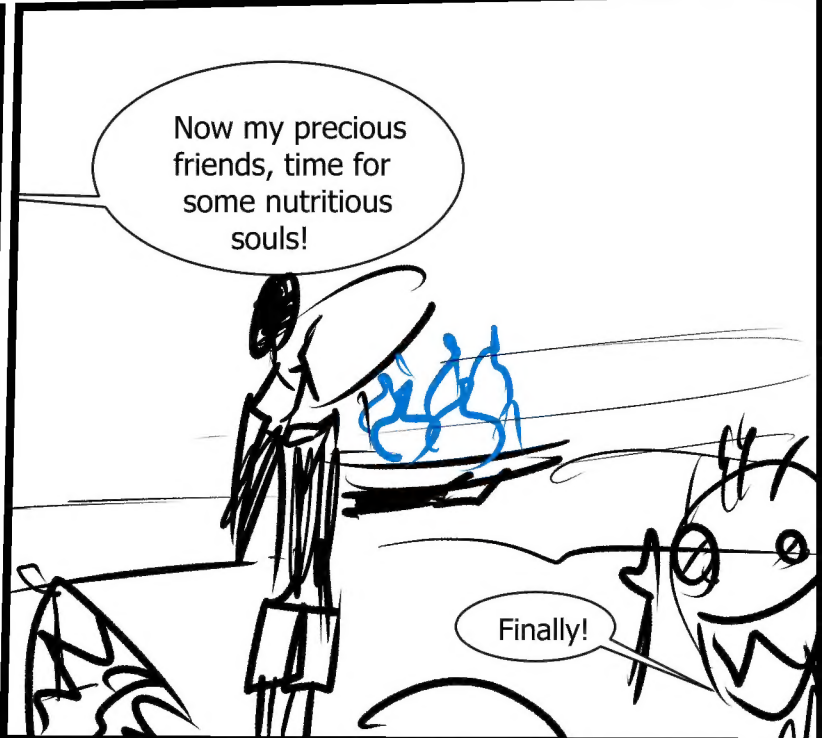

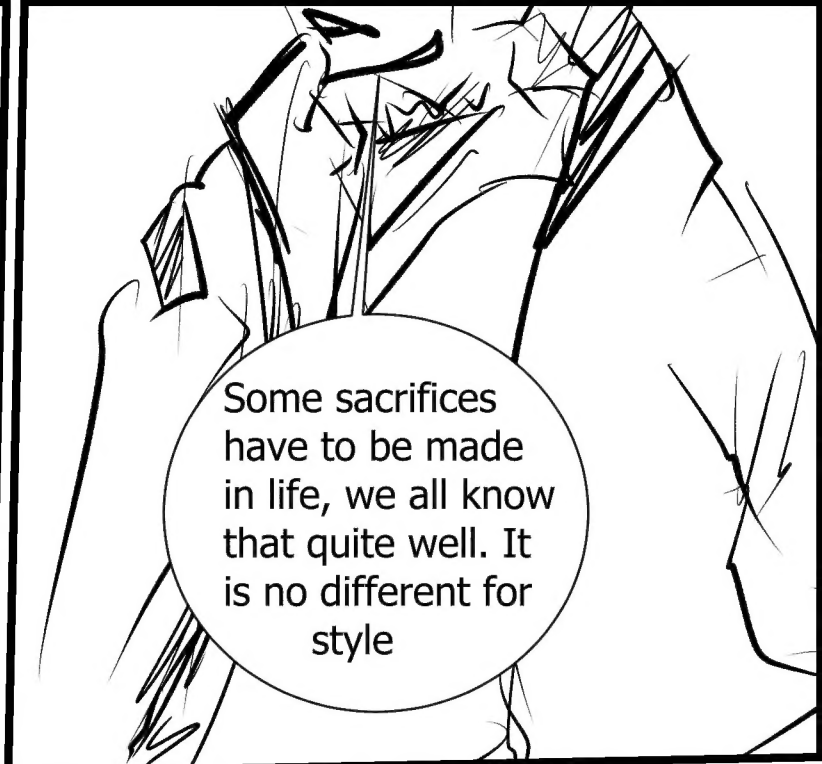

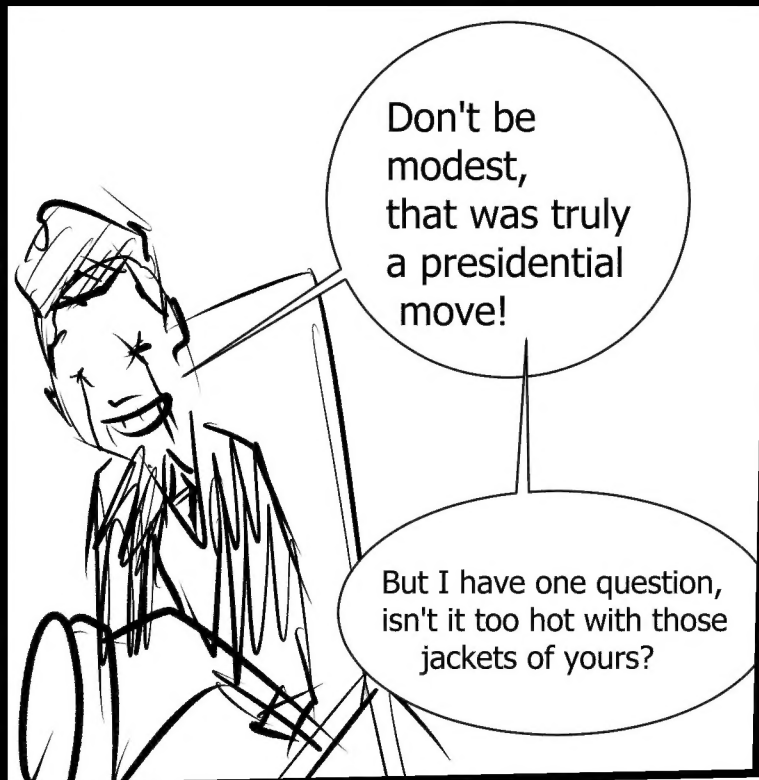

The whole cardboard cutout temple with kishin iconography and even faking your death, that will keep people chasing ghost for sure!

Eh, it's just standard
media manipulation,
it ain't rocket science

Yeah, I wouldn't
know anyways, it's
my engineers that actually
do all the work and I get
the accolades hehe!

Not hungry Miss?

Thanks, but my belly still feels a bit weird after the tomatoe juice from the plane

Mumpf Hold on, she seems to be to young to have already gotten her first business bail out leave her with a billion dollars!

Don't you have already enough black-mail on us J-

Nono, it seems we have an uninvited guest, will you be a party crasher or the spirit of the fiesta?

Well, taking down you meanies will be a blast for sure!

I'm the third to carry the legacy of a horrible monster that brings mass death and pain, a royalty of despair, and she calls me "meanie"?!!

Just wait a minute,
I'm curious:

How did you figure
out where we were
having our little get-together?

Oh actually, I came here to relax for a bit

I didn't know
where to start
looking so I
just hoped it
would work
out on it's
own and it did!

Hmm... Extraordinary intuition...
How fascinating...

I can't wait
any longer,
I have to
kill her!

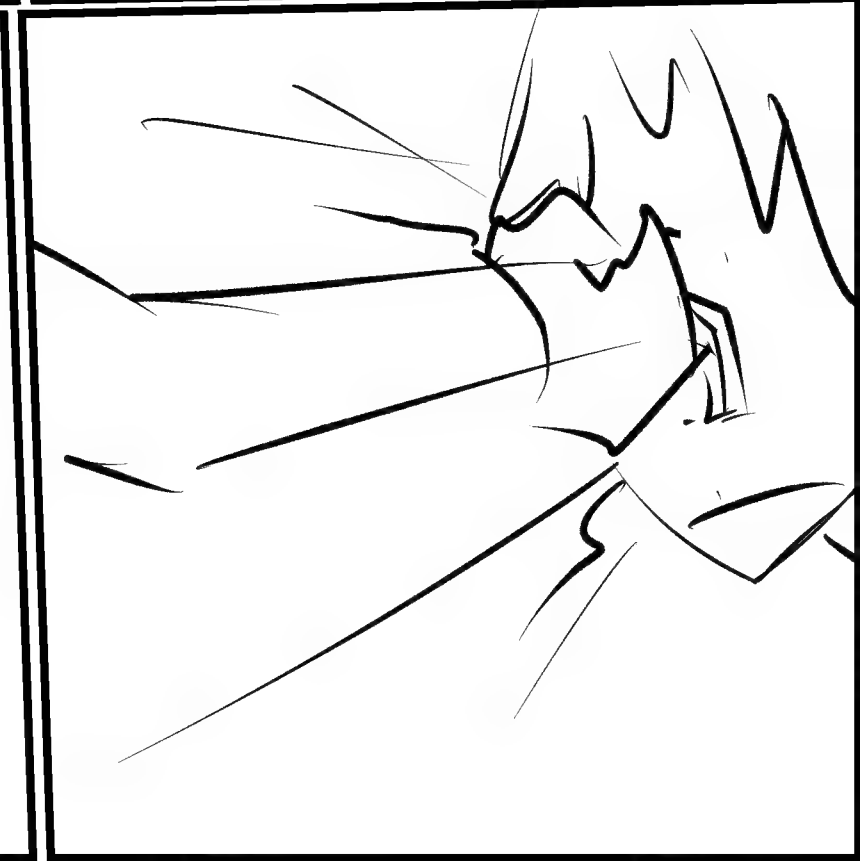

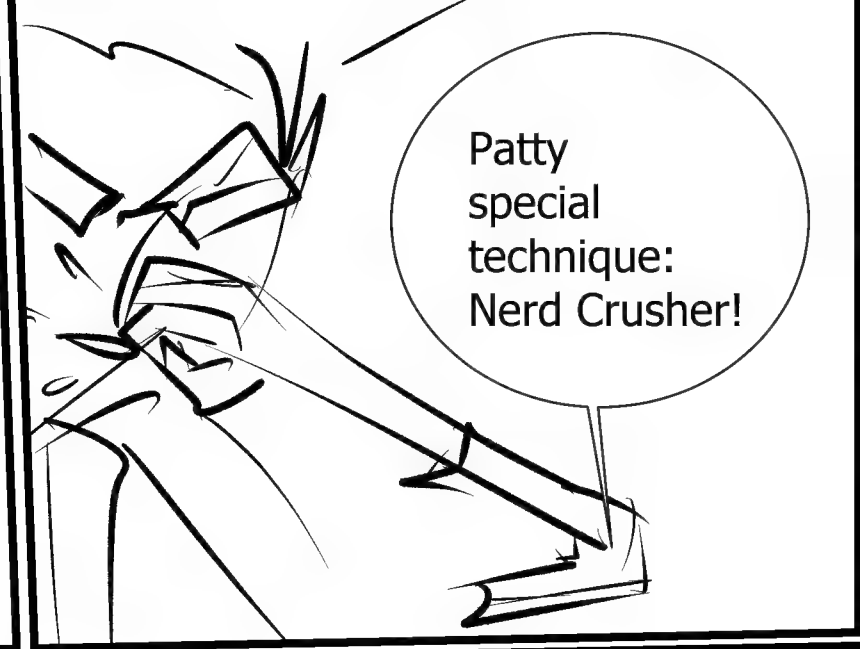

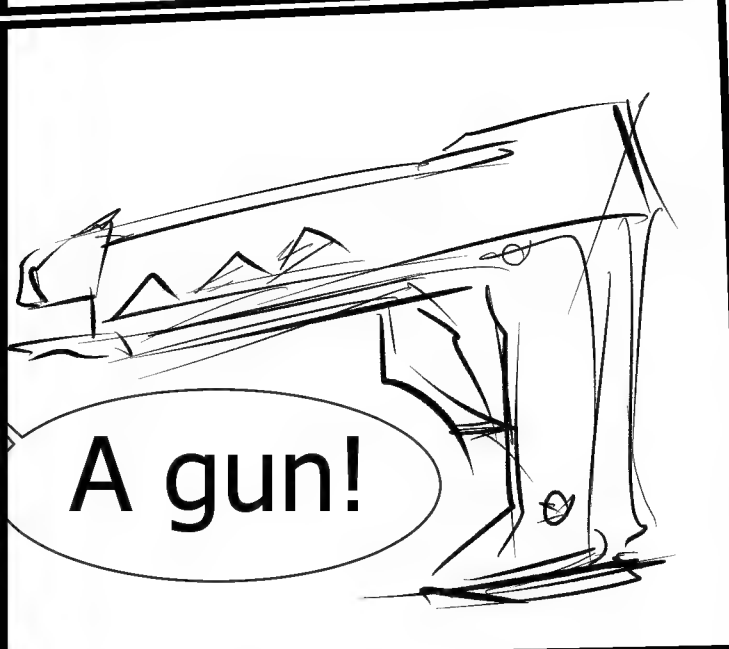

Ahhhhh!

swish

Heh? Only if I could
make my alimony
disapear like that to...

CLICK

Who is the nerd now!

Lets find out if this actually works...

swish

transforming
won't help-

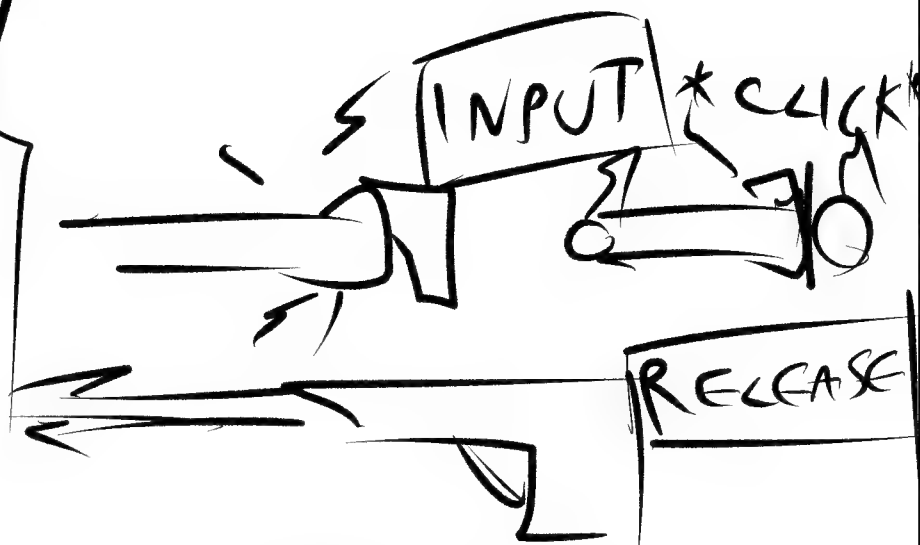

BANG

Auug!

Heheh!

She seems to have used the wavelength released by him to charge a attack via a simmilar way a soul resonance works... Meaning the strike back was alot more potent...

What a unorthodox but effective technique!

Who does that plebian think that she is?!!

A single gun? I trade millions daily!!!

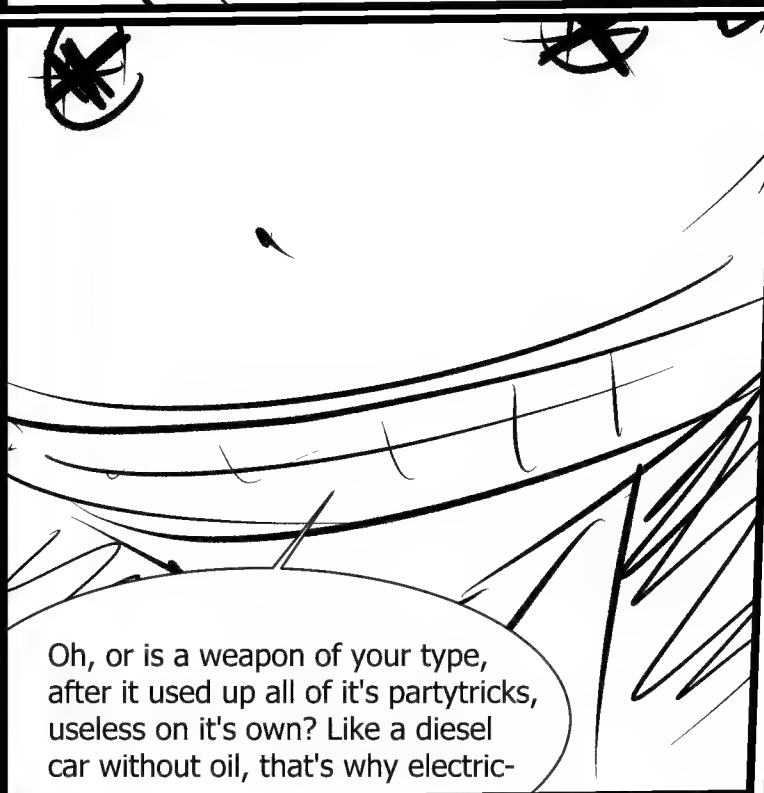

Arrh!

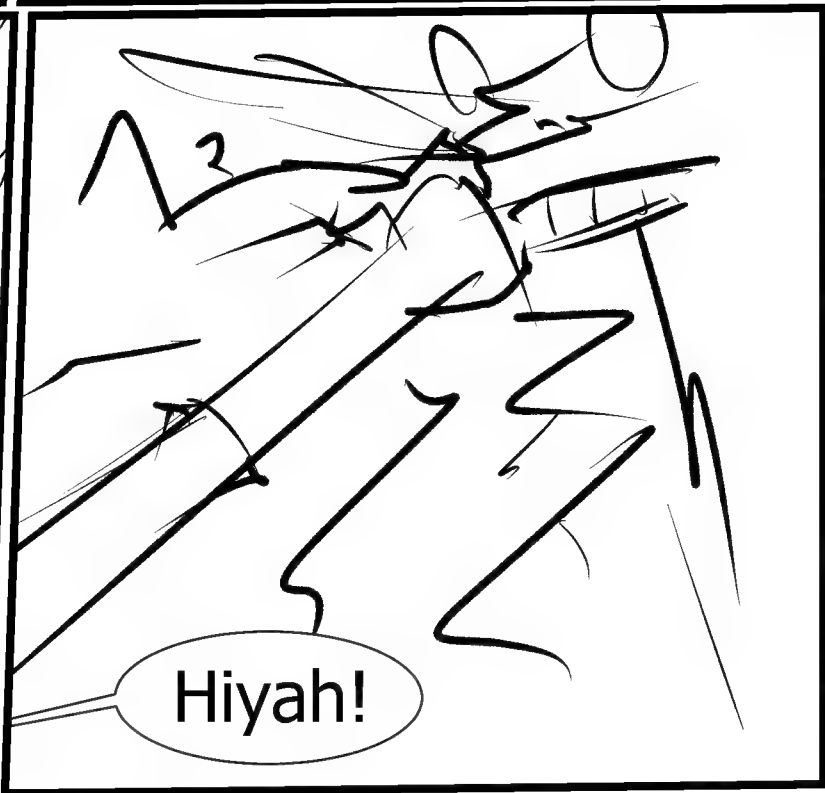

How you like
the power of
electricity?

Heh scared aren't you?
Why don't you turn
back into a weapon?

Oh, or is a weapon of your type,
after it used up all of it's partytricks,
useless on it's own? Like a diesel
car without oil, that's why electric-

Hiyah!

A wavelength attack by a weapon...
She is full of surprises...

No I can't
die by shock.
it's to ironic!!!
Auuugh!

Demon weapons
can't attack like
that, it's says so
in the curricullum
I ordered!!!!

Then
school really
makes you
dumb!

Oh you think you are so smart and tough,
just because you took out the weakest of
the bunch? I show you, little gun that can't even
shoot on its own!

I'll just blast you
from afar with my
saxaphone and you
won't be able to do
a thing!-

"I can't do that" or "that is stupid it won't work"
I have heard enough of it from my dumb
sister and Kid already...

Kid... Could it be... I
might have gotten myself
a even way better catch...

What are you
pointing at, are
you mentally
challenged?!

Girly, I know
you watch too
many cartoons,
but this is just
stupid!

I never pulled it of can I really do it....
No what am I saying, there were sparks
I just don't need to overthink it!

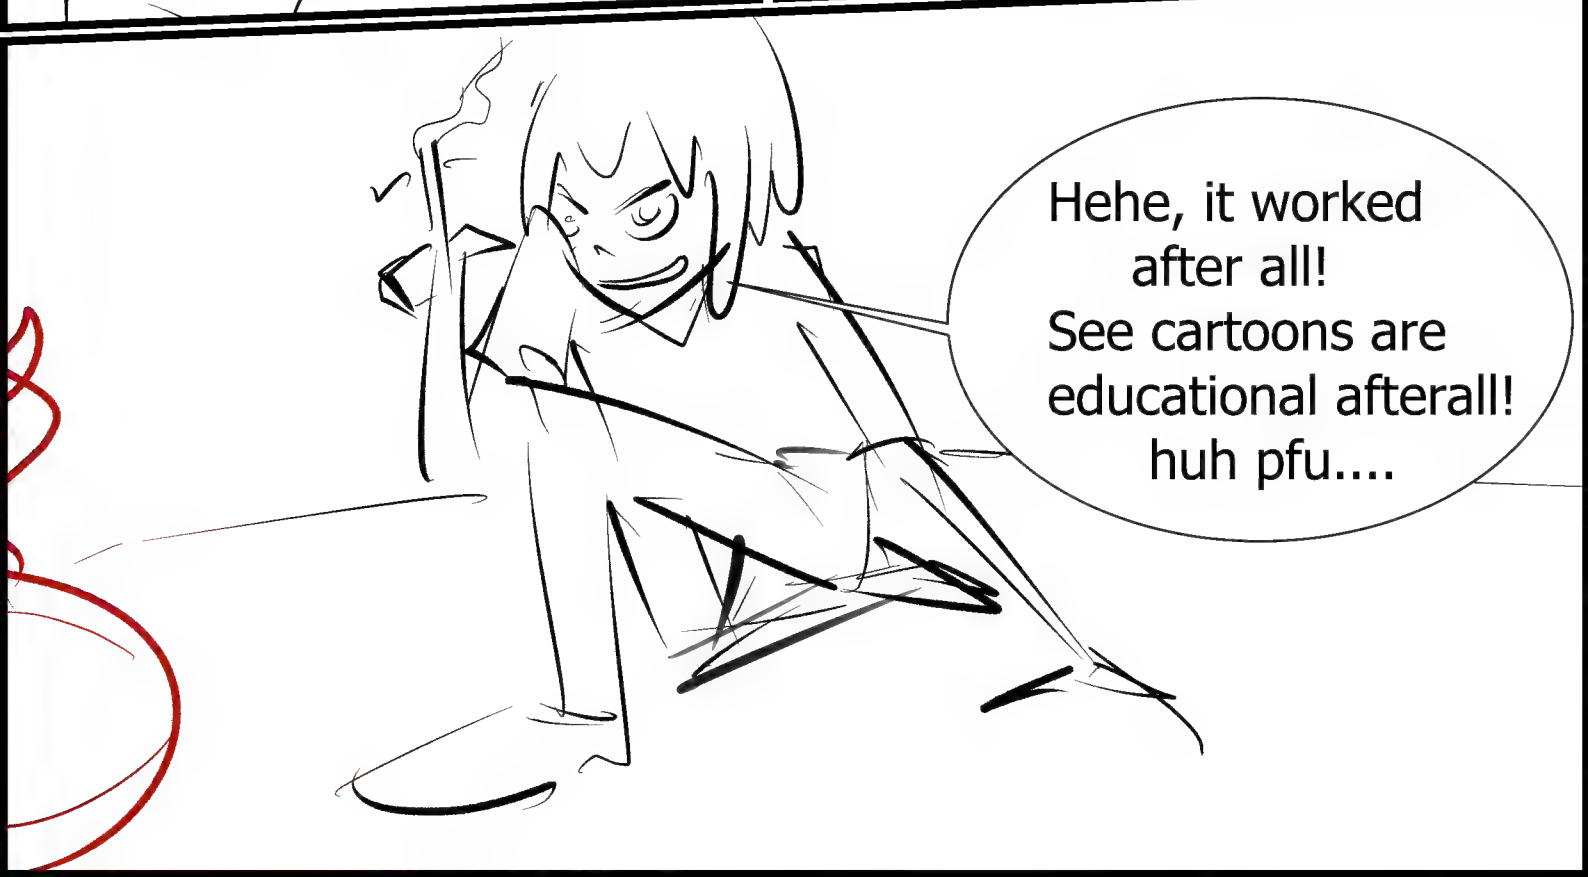

I used Liz as a gun, I know the feeling and I am even
able to attack with my sparky punch so why...

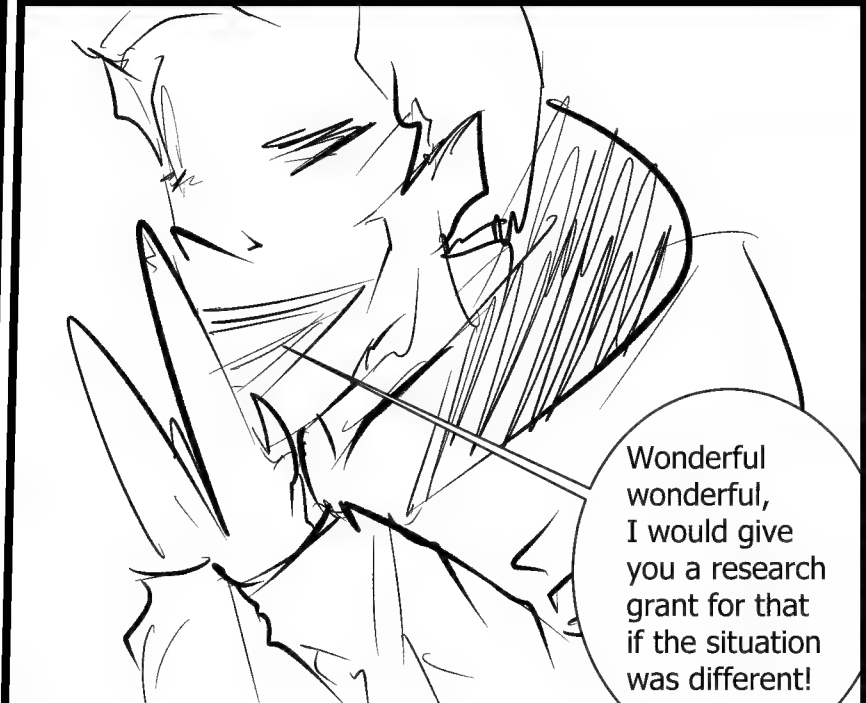

Why can't
I then shoot
them out to huh??!

Bang

Hehe, it worked
after all!
See cartoons are
educational afterall!
huh pfu....

Wonderful wonderful, I would give you a research grant for that if the situation was different!

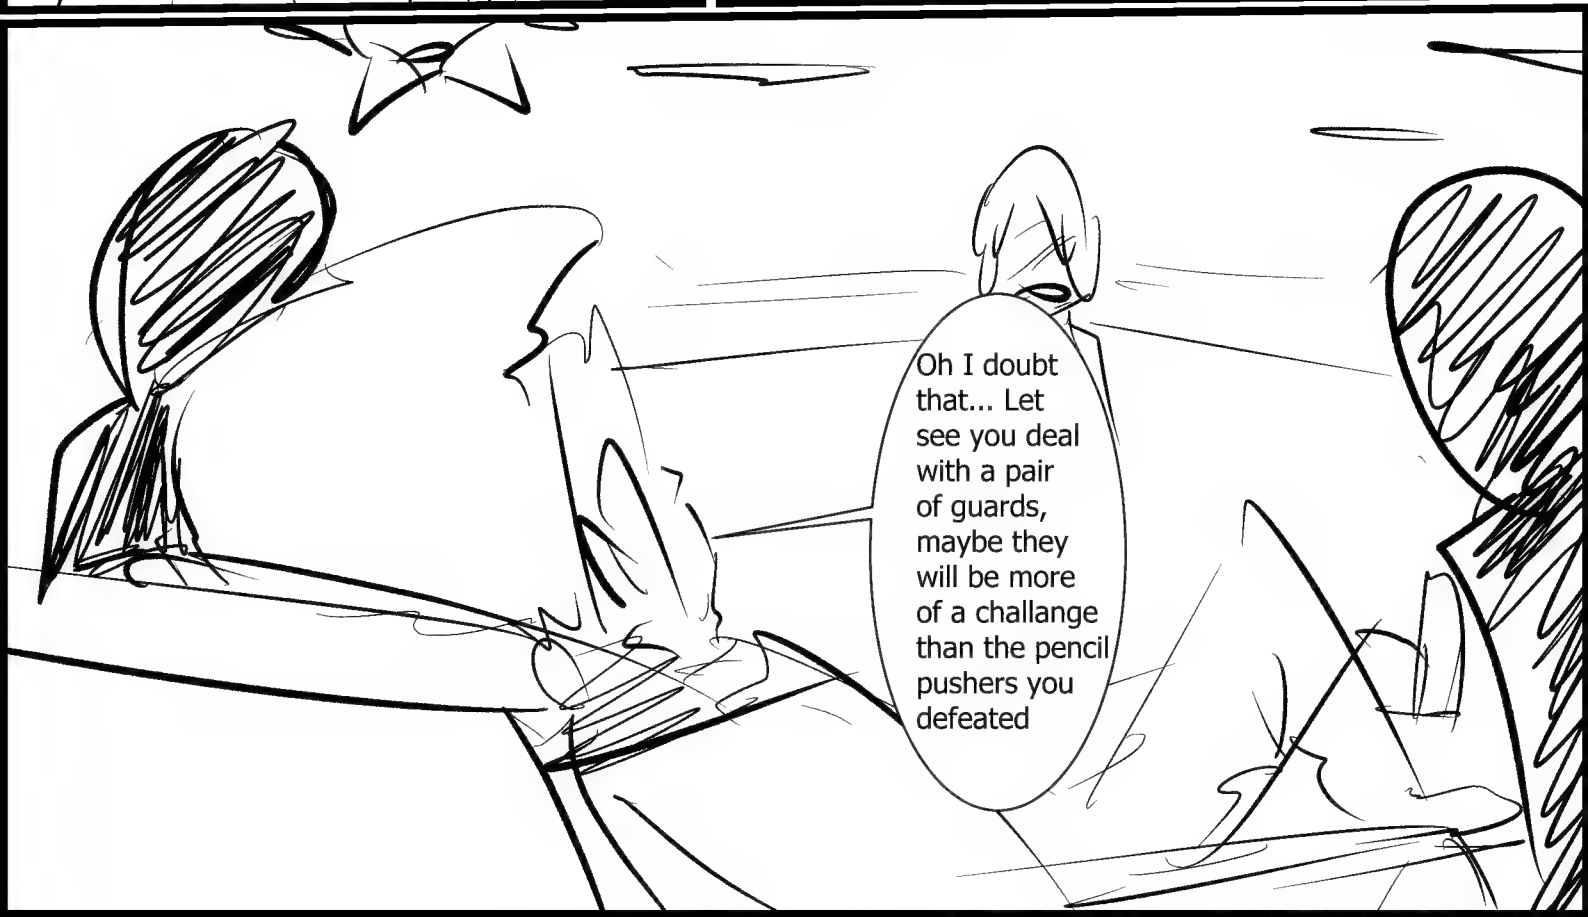

But alas.... You seem to be quite tired out, not used to attacking in this way, hmm?

You don't have the strength left to pull off any spectacular move anymore so sadly it is over

pfuuu huh pfuu....

No It's over for you! I-I still have enough to kick your ass!

Oh I doubt that... Let see you deal with a pair of guards, maybe they will be more of a challenge than the pencil pushers you defeated

Meanwhile, back at
the Gallows Manor...

Not my
coral blue
number 3!

Patty!
Do you
have any
nail polish
left that you
haven't used
up for
making slime?

Patty?

You better not
be hiding under
your bed again, I
hate those scary pranks!

hmmm?...

Kid, have you seen Patty?

While fingerprinting on the window, I saw her running to the DWMA!

Hehe, silly Patty, why would she go to school anyways, she hates it there

yeah that's strange...

Sid, have you seen-

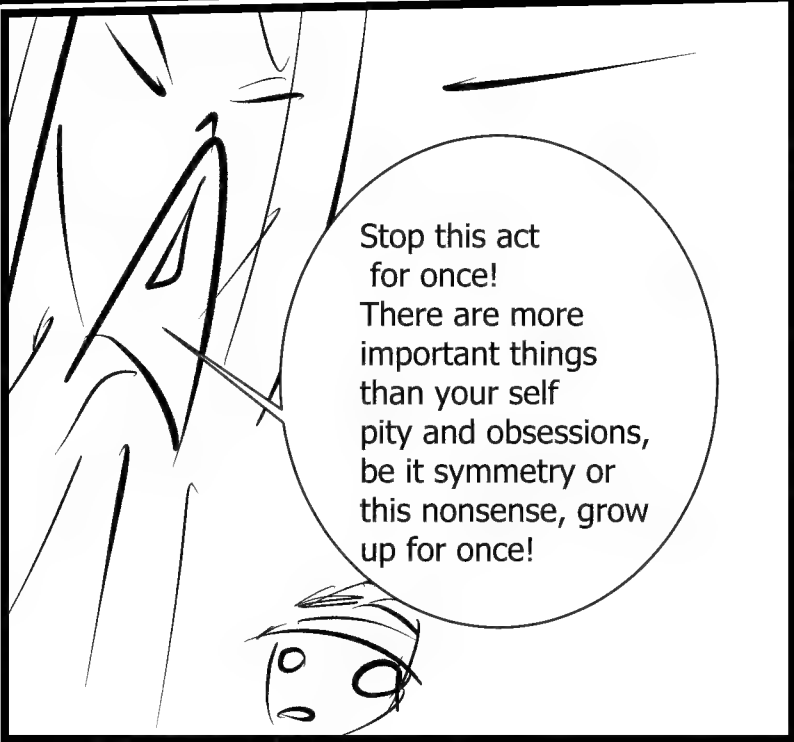

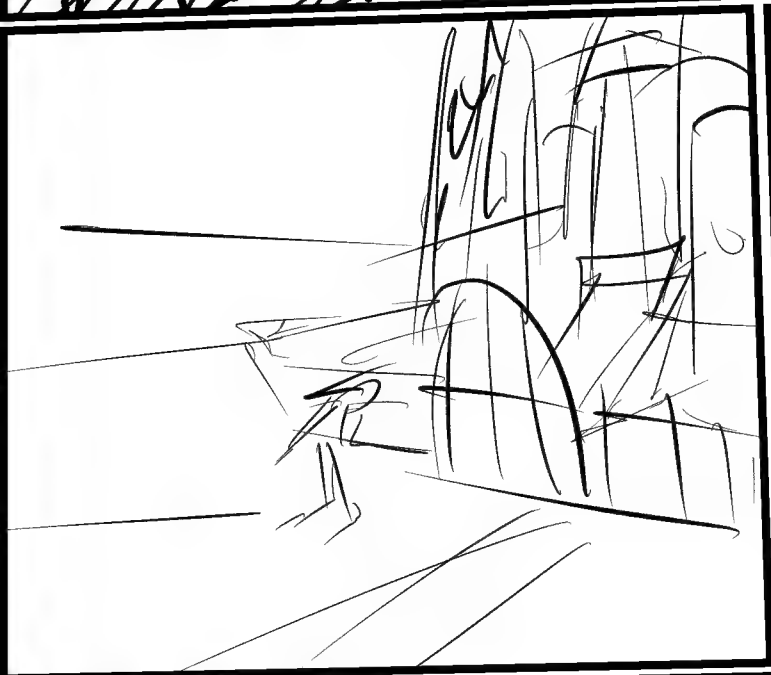

Liz, what are you still doing here, you will be late for the mission!

Wh-what?!

You better hurry, the intel we have says that the suspicious activity in the Bahamas could be something serious, Don't let it go away!

She could get hurt
or even die and it
would be all because
of you not caring!
A live lost just because
of you!

DIE BECAUSE
OF YOU

BECAUSE
OF YOU

DIE

OF YOU

I-I'm...

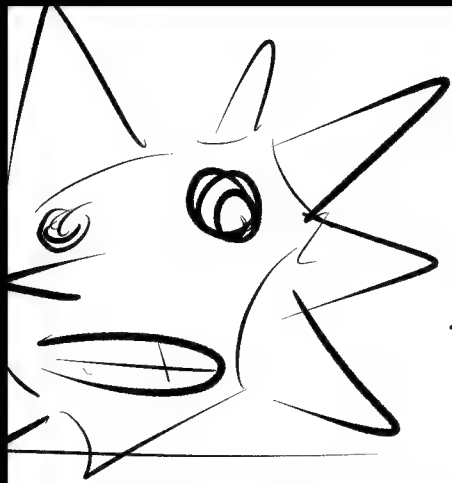

You are right...
If it is that serious,
we have to make haste

Call up all your
connections, we
may still make
it just in time!

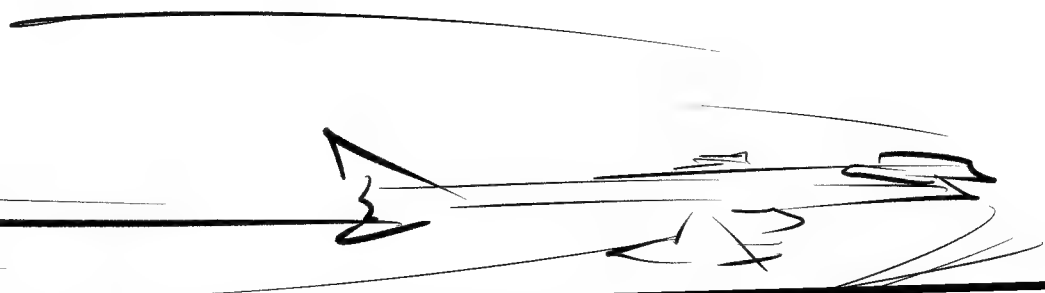

I knew it was inappropriate
to act like this, to try postpone
the inevitable...

But what can I do other than run
from my problems even
if they catch up to me eventually...

Ofcourse...

One private high-speed
jet flight later...

Can you
feel her
soul?

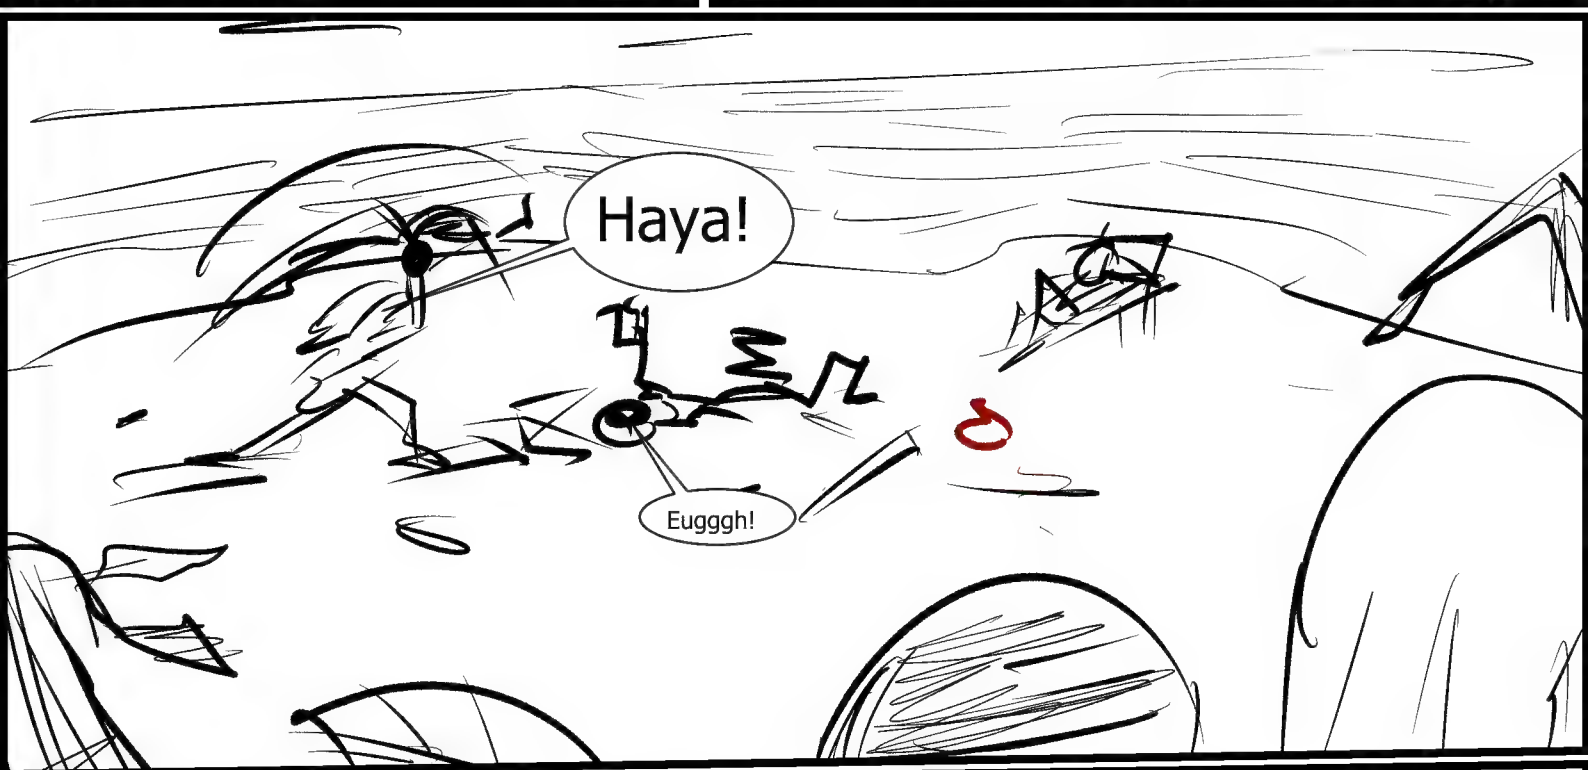

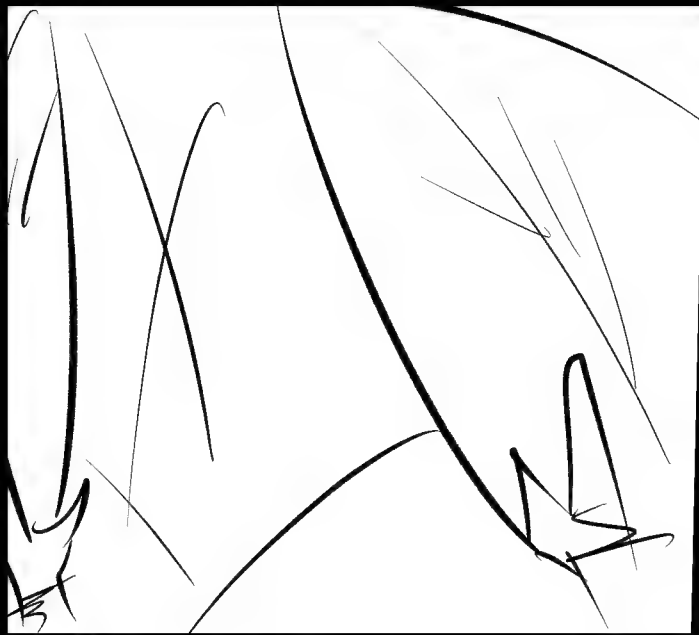

Yes, but
very faintly,
this seems
to be the
right way...

Behind these
leafes, however,
I have to warn you,
It may not be pretty...

Please Patty...
Be alright...

Patty,
you are
alive!

Ofcourse,
see how
good I can
deal with
stuff on my own-

How could you
be so reckless!

I left you alone
for a minute and you
almost got
yourself killed!

Yeah yeah, whatever

Patty, what-

I can never win with you,
no matter what, you must
always treat me like a baby

Yeah it's me that
got allmost killed,
and not like five
kishineggs or something!

Like allways, silly Patty caused some
trouble, you just can't keep her alone
or she may do something immature!

Whoaaaah....

I hate to interrupt your little family squable...

But it seems it is time to end it, the grand price arrived after all!

Mister, I might respect your fashion sense, but you better leave us alone or else-

You are threatening me? I can feel how much weaker your soul wavelength is than your sisters

Just run away, her and the reaper spawn will be enough for me, you are too useless to be "incorporated"

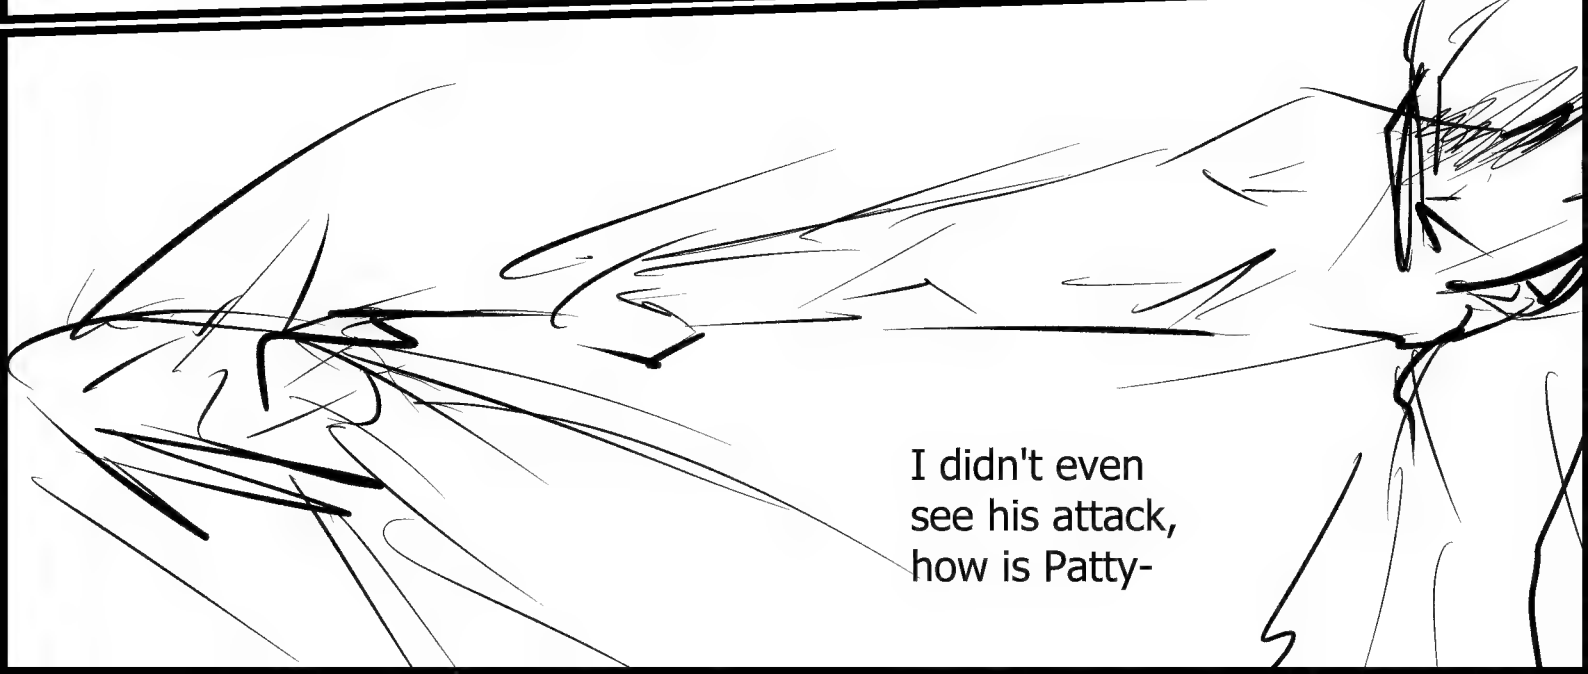

Hmm, he seems to be a bit out of it today

Fine by me, I'll start by taking away his weapon, incase this is just a bluff by him

Liz move!

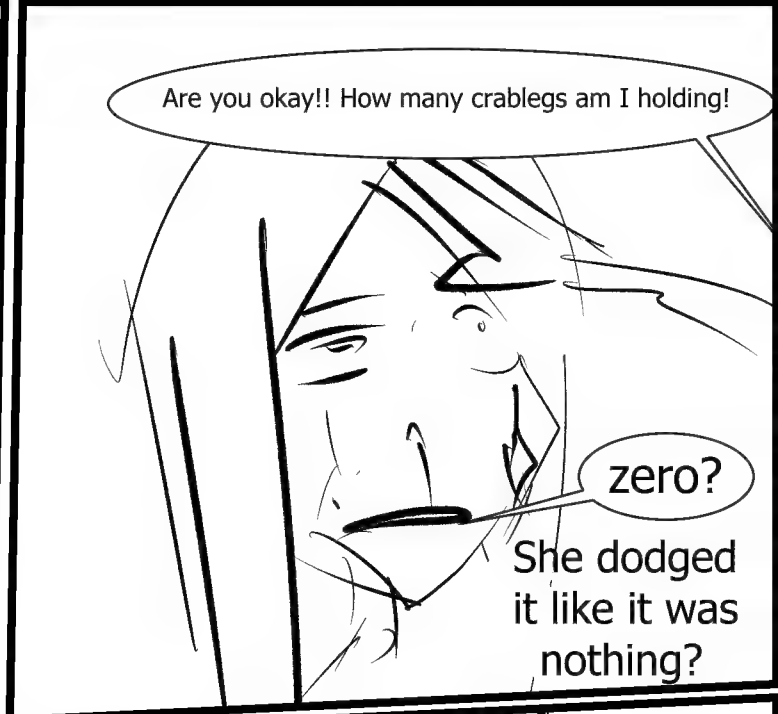

I didn't even see his attack, how is Patty-

Big sis!

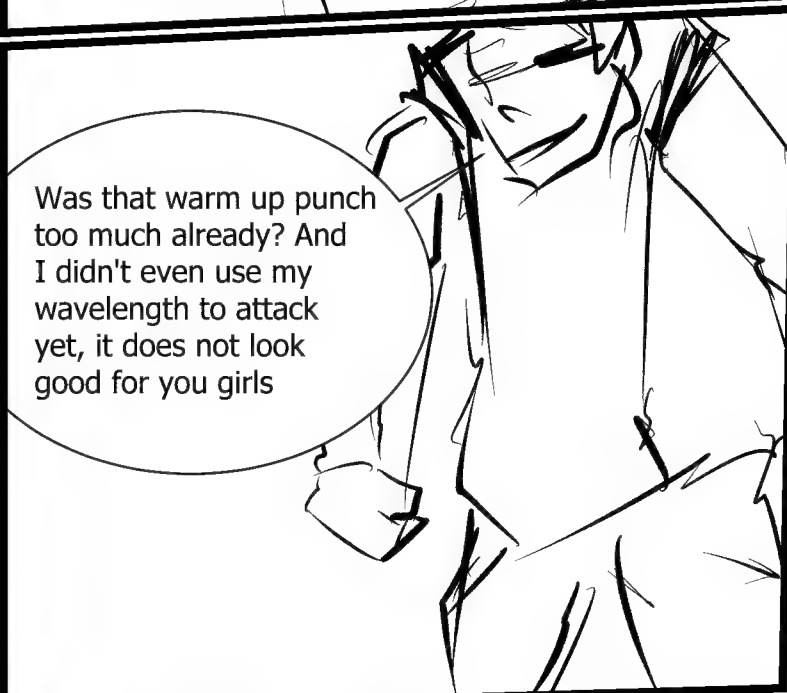

Eghh....

Are you okay!! How many crablegs am I holding!

zero?

She dodged
it like it was
nothing?

Was that warm up punch
too much already? And
I didn't even use my
wavelength to attack
yet, it does not look
good for you girls

step

step

Oh, did
you decide
to make your
move afterall?

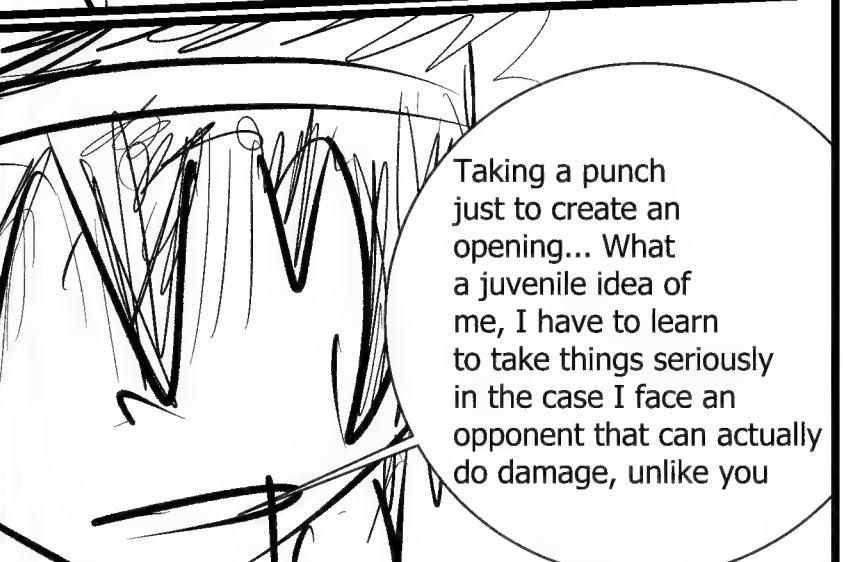

Fine, let's
see if you
reapers are
as special
as I have
heard!

CRASH

Speechless
after one
hit haha!?

Taking a punch
just to create an
opening... What
a juvenile idea of
me, I have to learn
to take things seriously
in the case I face an
opponent that can actually
do damage, unlike you

UGHHH!

A-all my intel, it
said, with only
one line you shouldn't-

Just my luck...

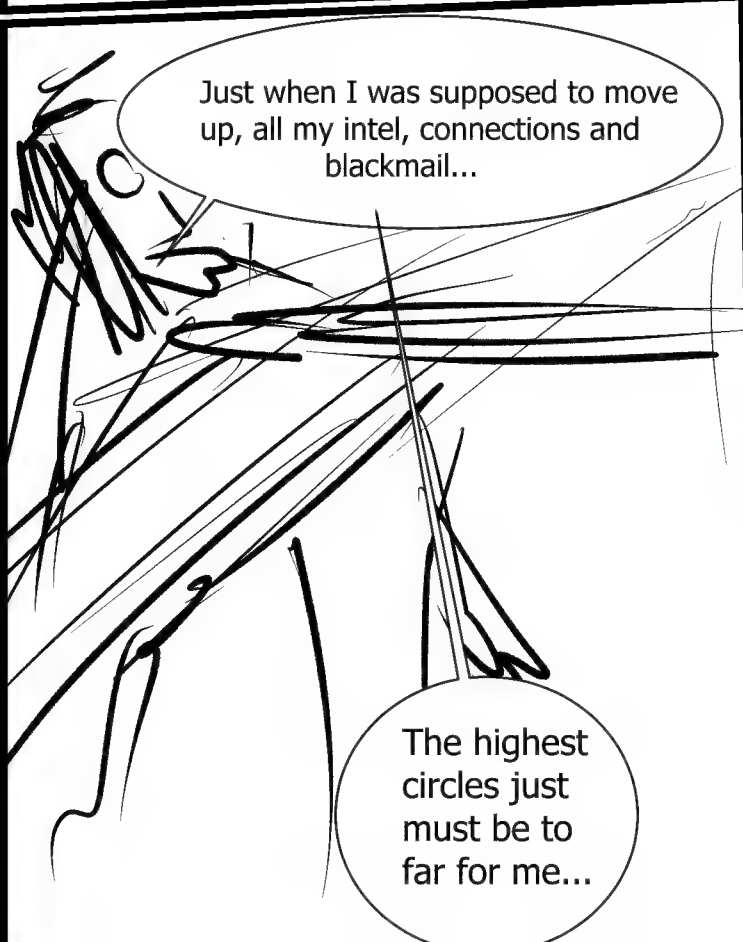

SWISH

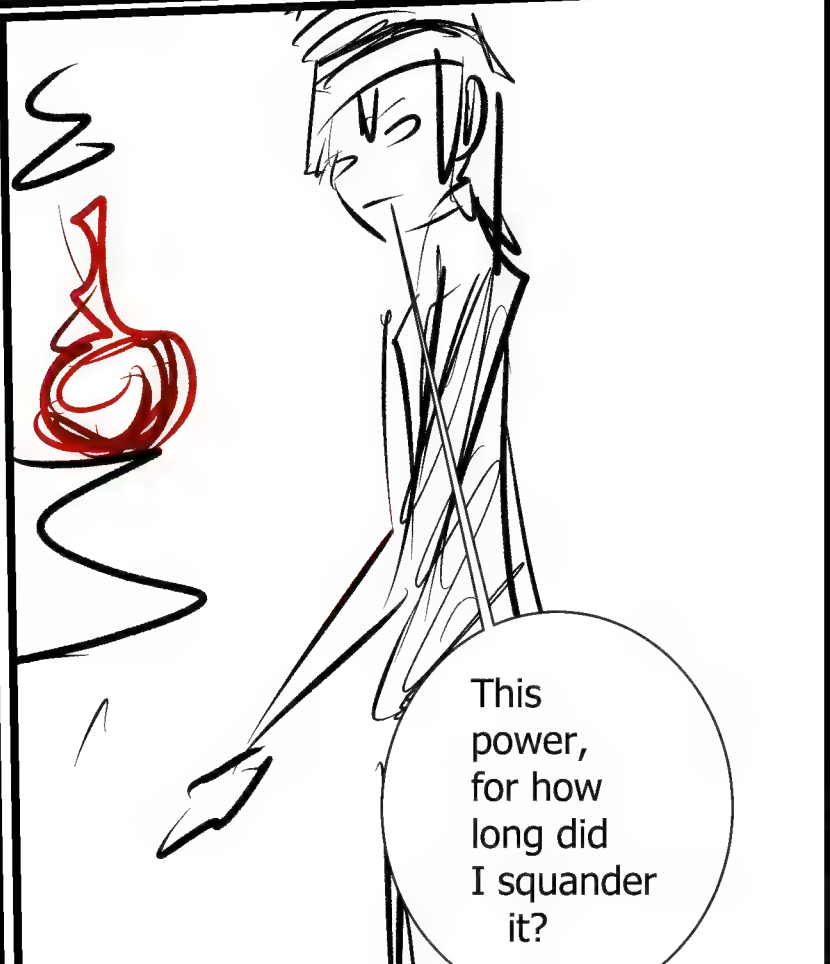

Evil like you, laying in plane sight

Is this what is allowed to grow when we forget our dutys?

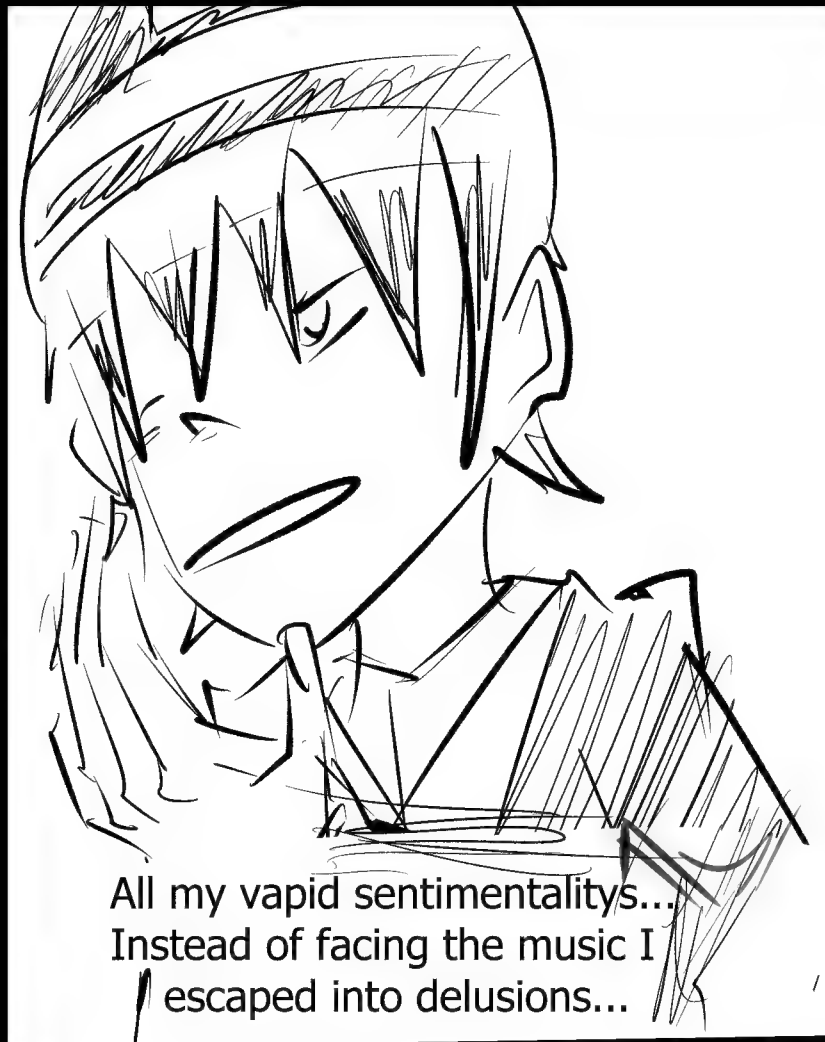

Just when I was supposed to move up, all my intel, connections and blackmail...

The highest circles just must be to far for me...

This power, for how long did I squander it?

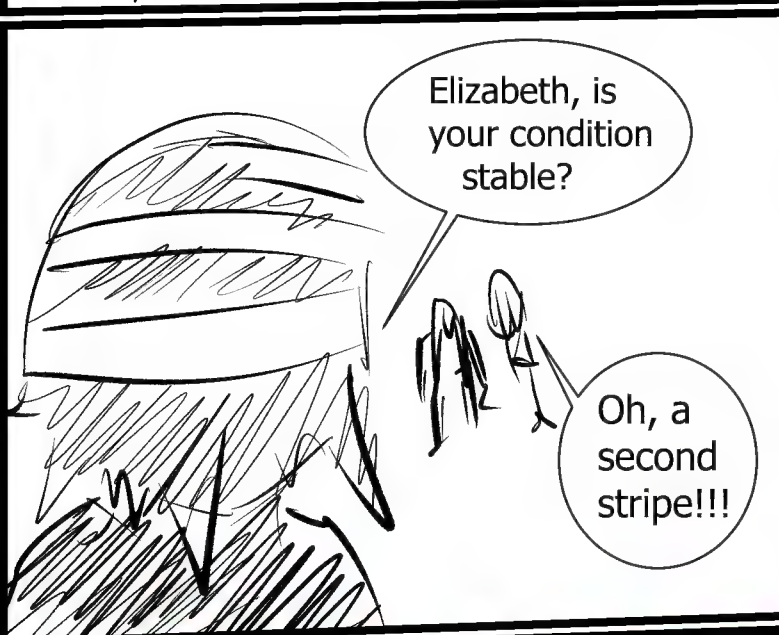

All my vapid sentimentalities...
Instead of facing the music I
escaped into delusions...

Are feeling
better, should
I bring another
crableg??!

No thanks...

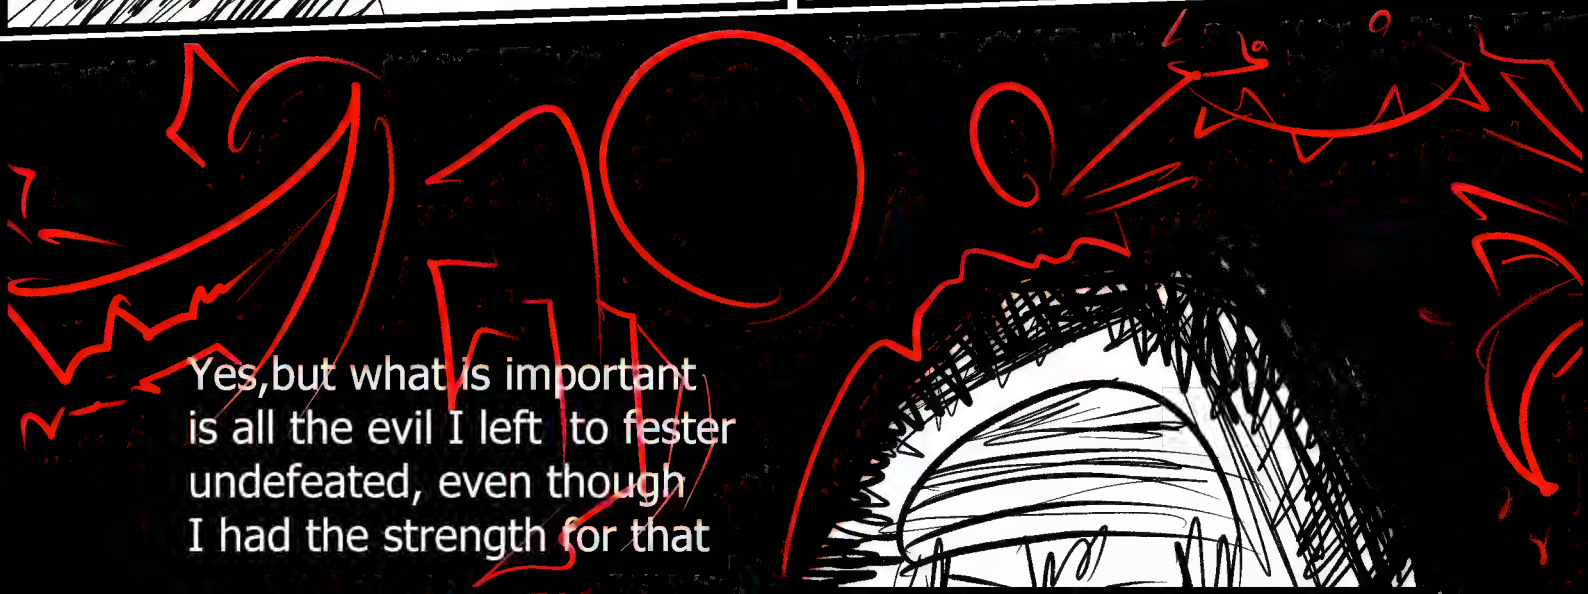

Elizabeth, is
your condition
stable?

Oh, a
second
stripe!!!

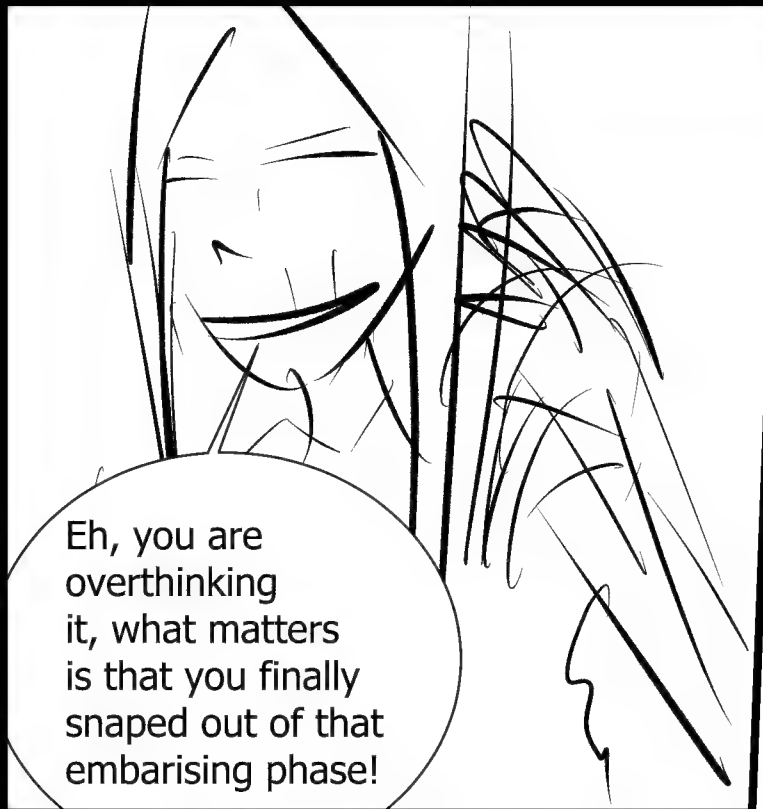

Yeah,
thanks
for asking-

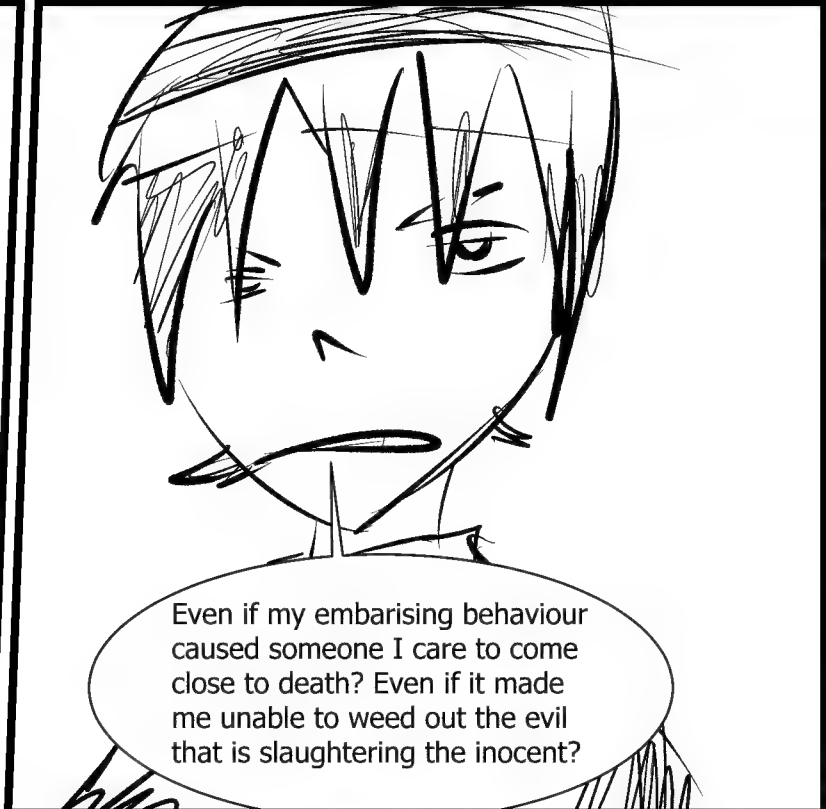

Kid you
defeated
him so
quickly and
without a
weapon?!

Yes, but what is important
is all the evil I left to fester
undefeated, even though
I had the strength for that

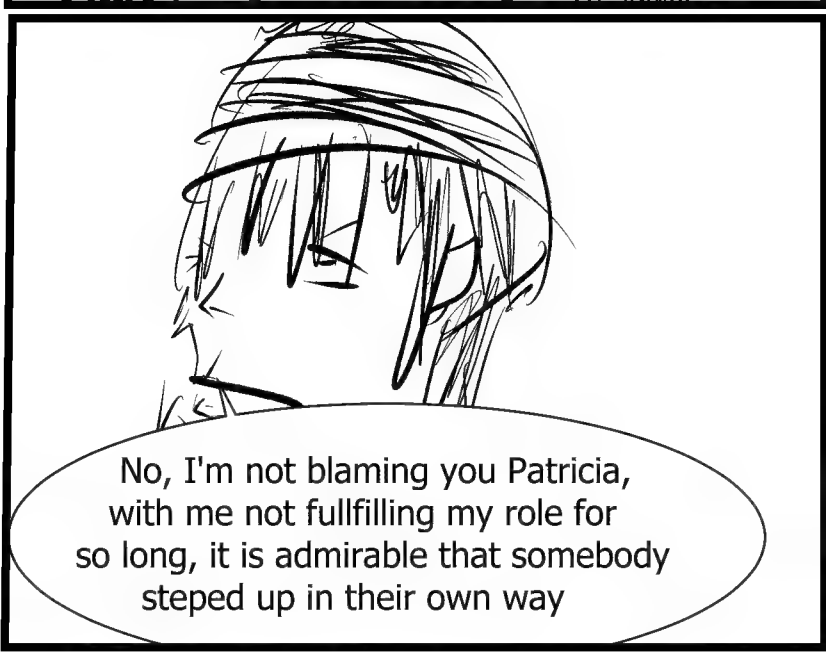

Eh, you are overthinking it, what matters is that you finally snapped out of that embarising phase!

Even if my embarising behaviour caused someone I care to come close to death? Even if it made me unable to weed out the evil that is slaughtering the inocent?

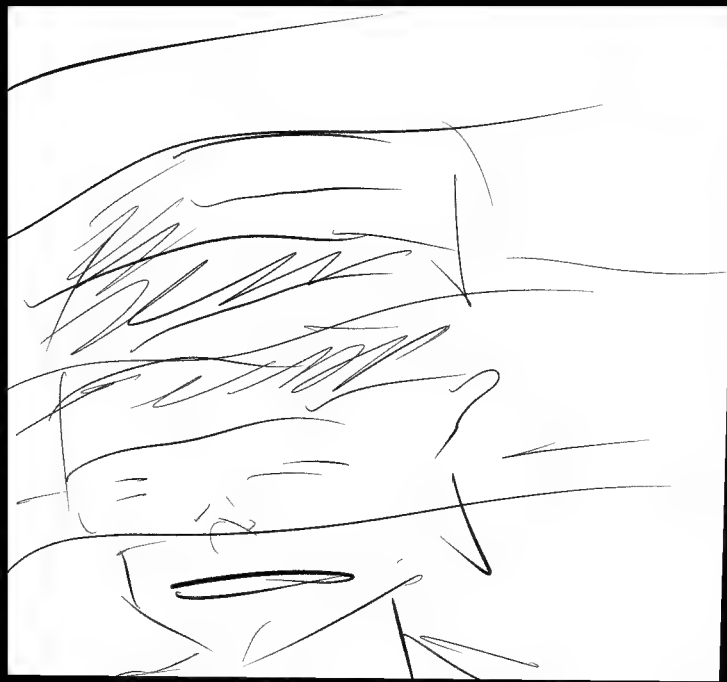

Now you too?! I said that I was fine on my own-

No, I'm not blaming you Patricia, with me not fullfilling my role for so long, it is admirable that somebody stepped up in their own way

Hey hey
hey kids!
Had fun
on the
mission?

fun?...

Yeah it was
awesome!

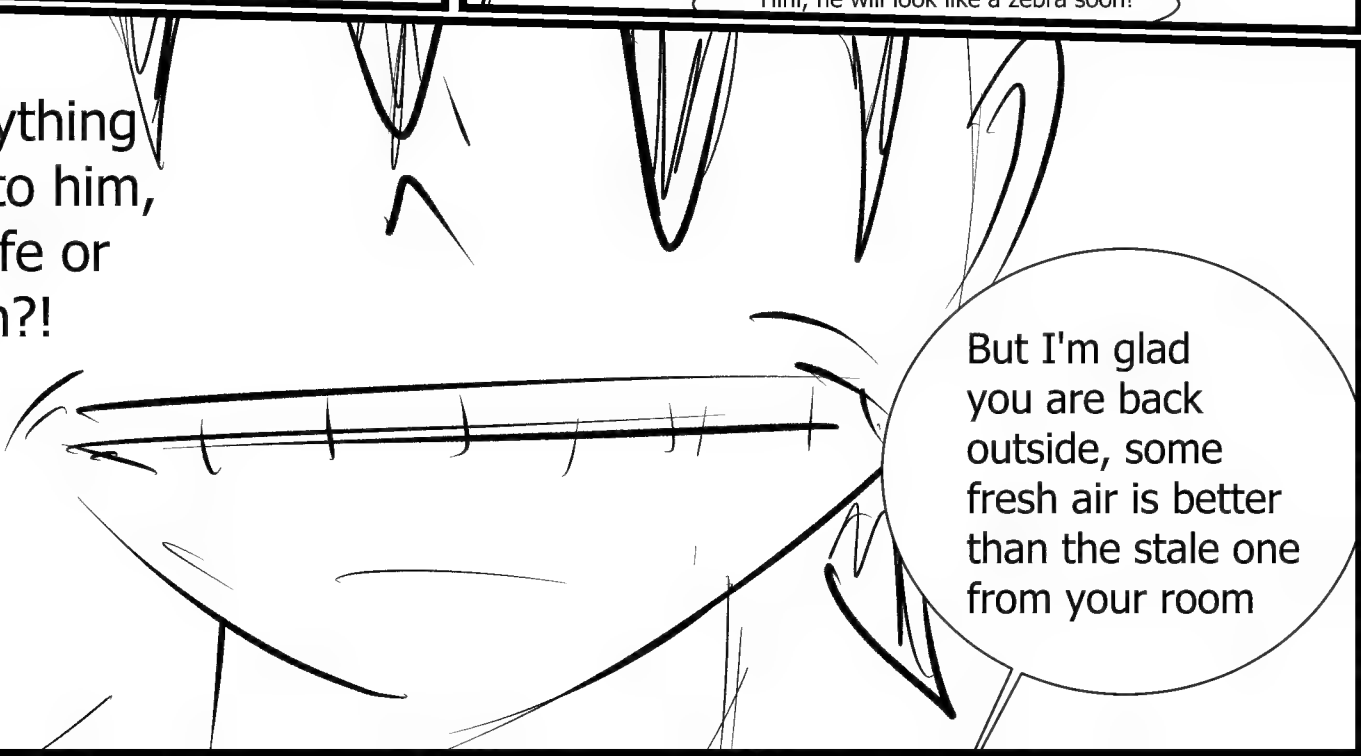

Father your face is-

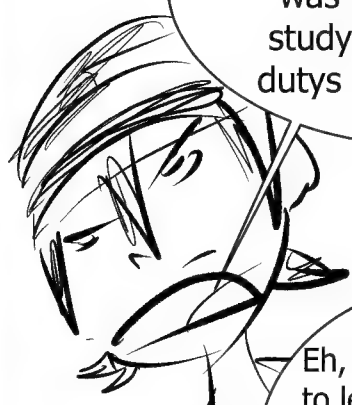

Oh? When you
reach my age you
will also have a few
wrinkles! Oh also
congratulations on
the stripe!

Hihi, he will look like a zebra soon!

Is everything
a joke to him,
even life or
death?!

But I'm glad
you are back
outside, some
fresh air is better
than the stale one
from your room

Father, why didn't you do anything, when I was neglecting my studys, missions and dutys as a your heir?

Eh, you know it is best to let the younglings sort themselves out, see, you are back in action and everything is back in order!

Back in order?!

How many kishineggs that have entire networks like that are free to run around?! How many were able to grow due to you- my incompetence?

Beats me, you know you can't stop them all, so just do your best!

With so many troublemakers, one has to be satisfied with the ones that get the justice they deserve, understood?

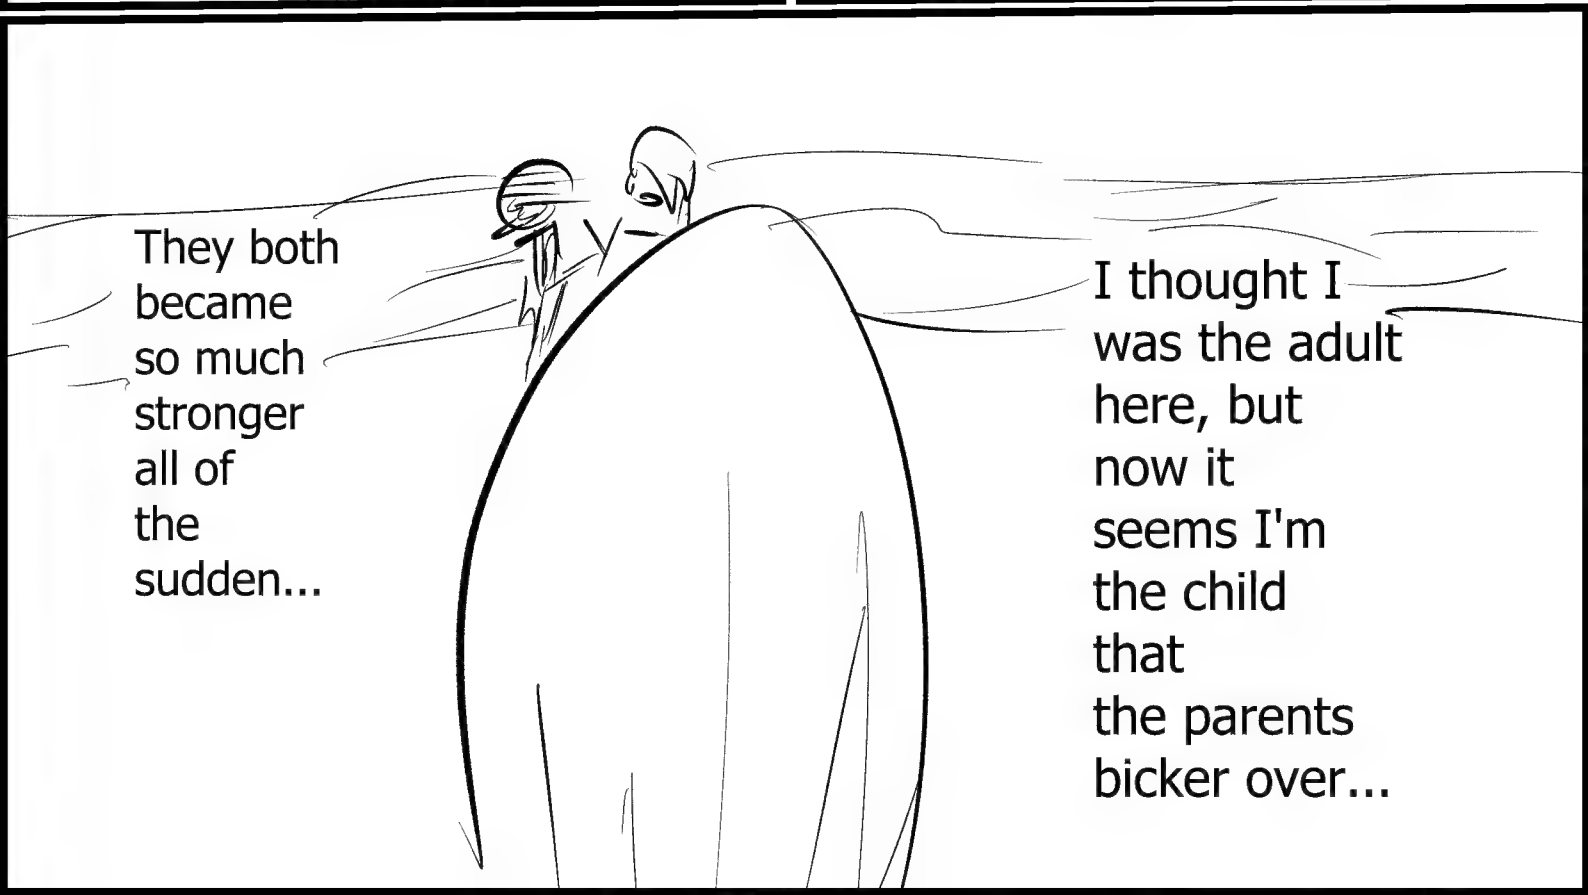

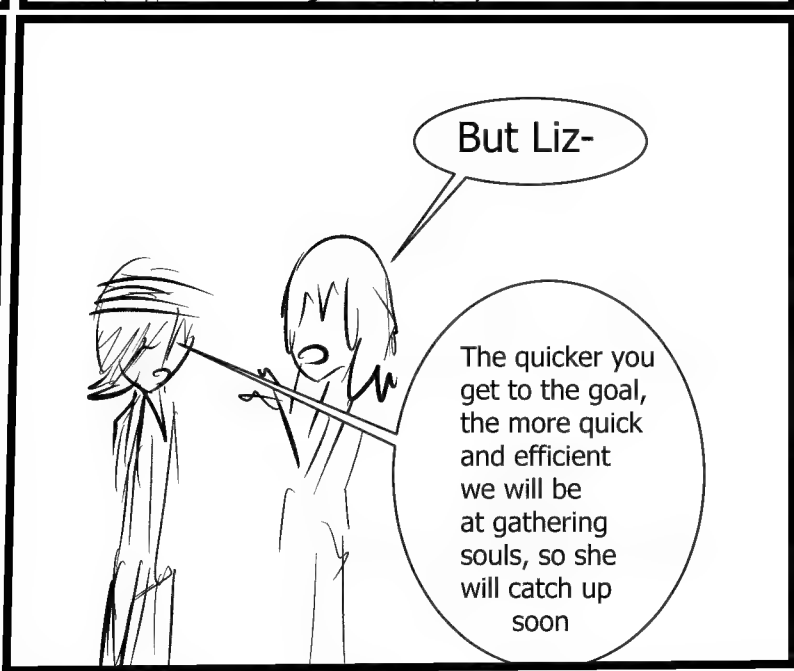

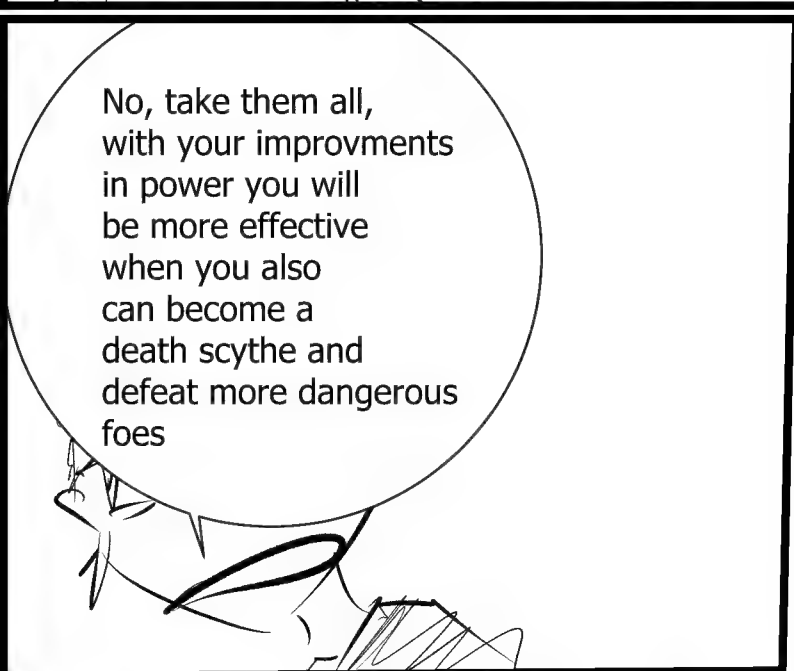

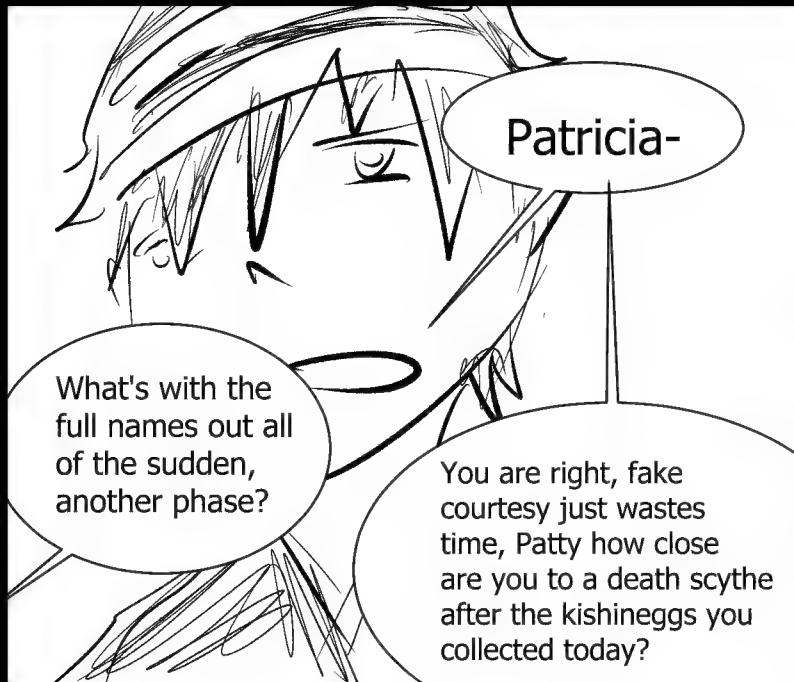

yes...

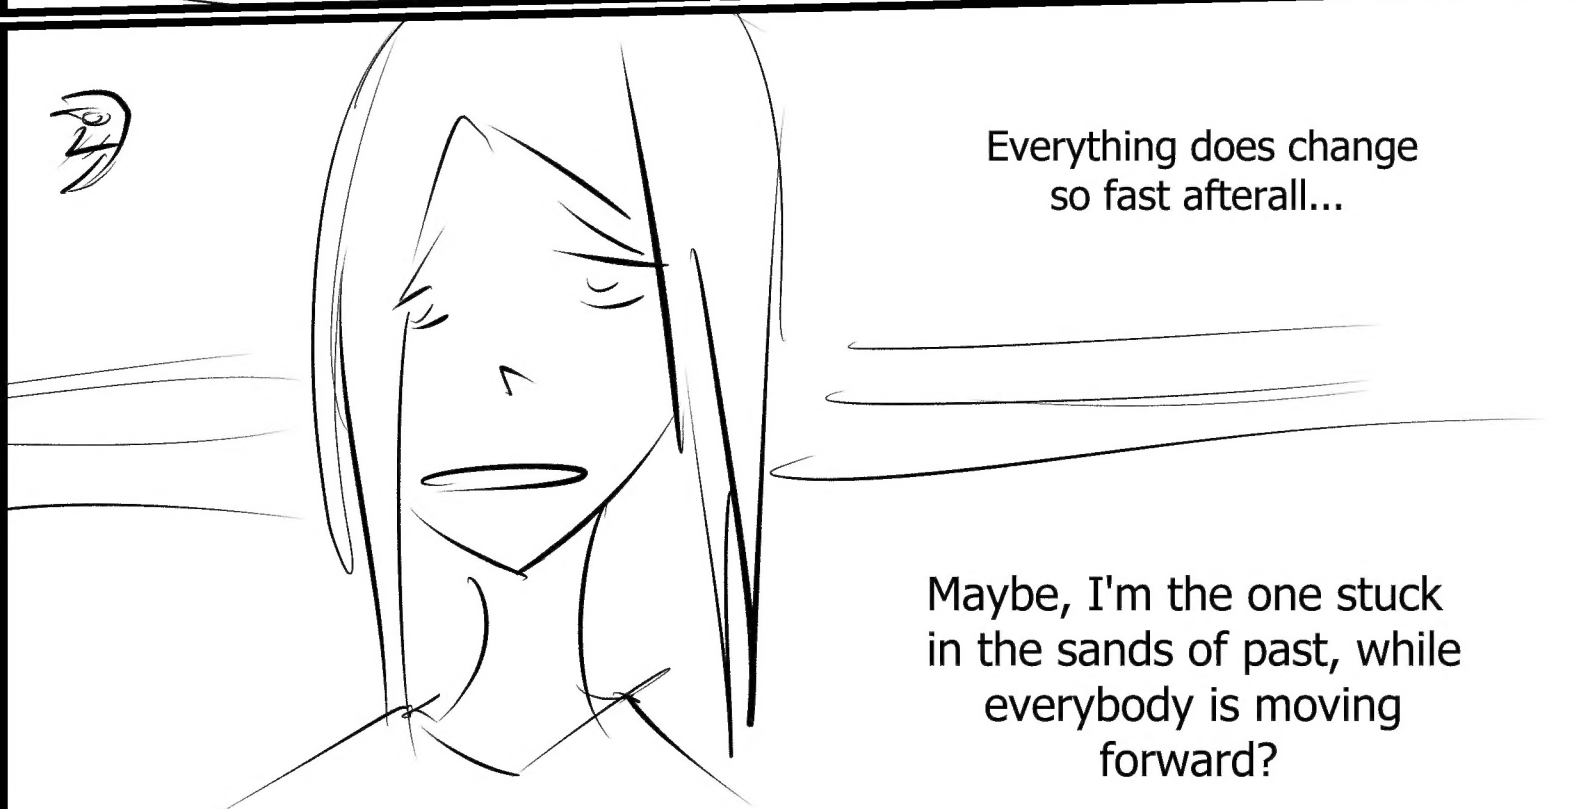

Bye then, gotta catch my show!

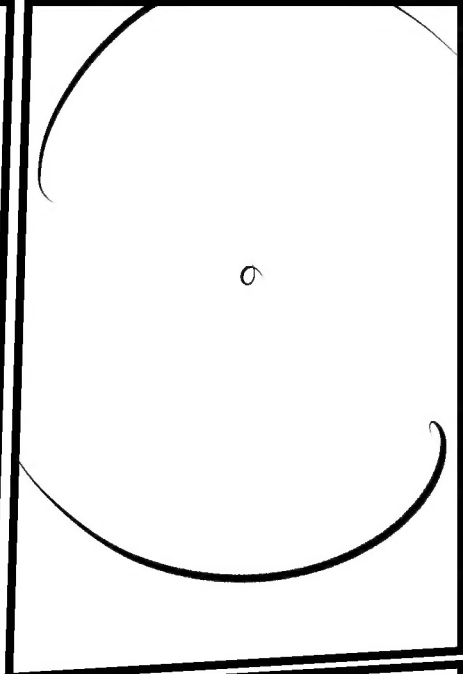

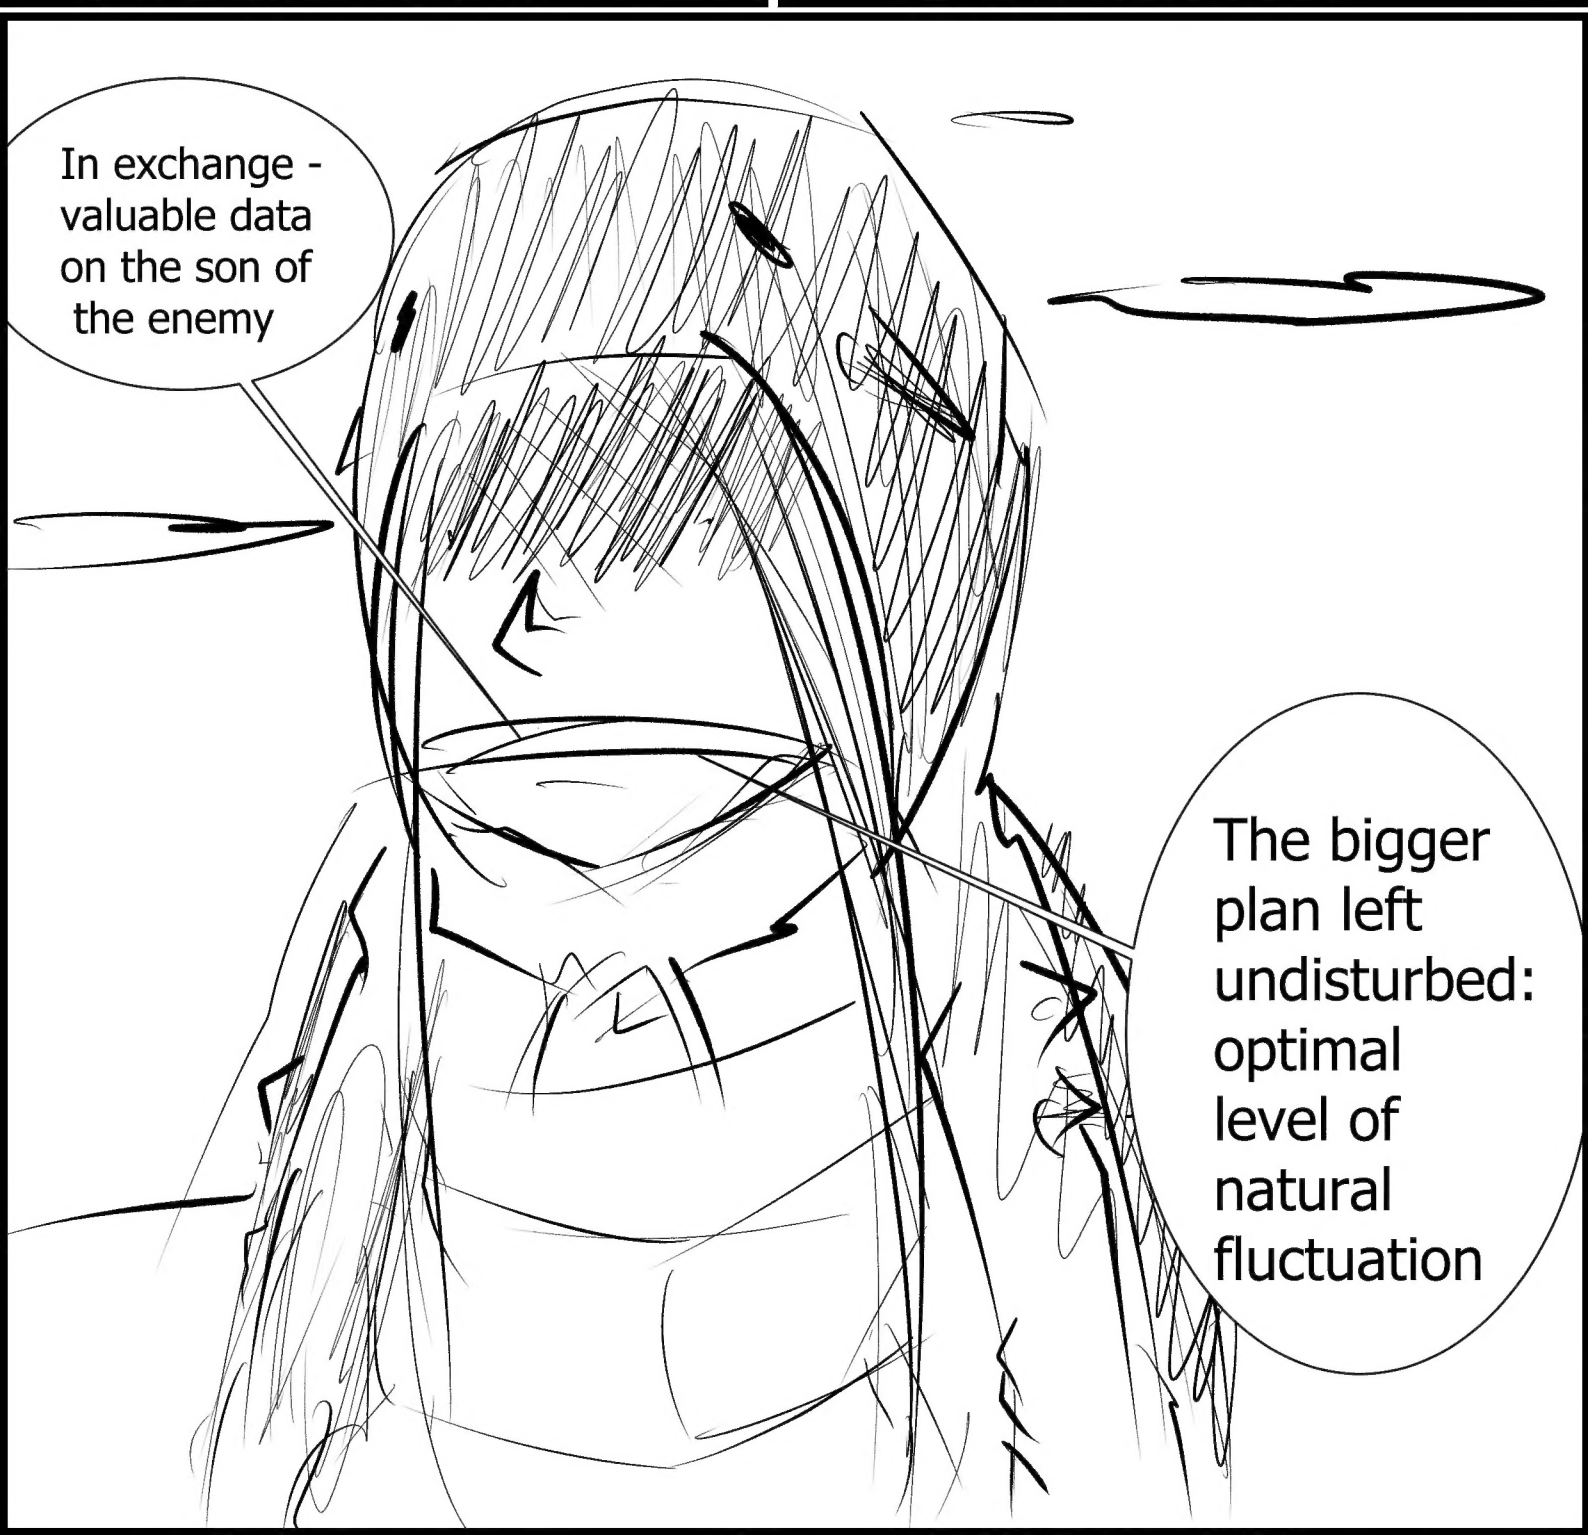

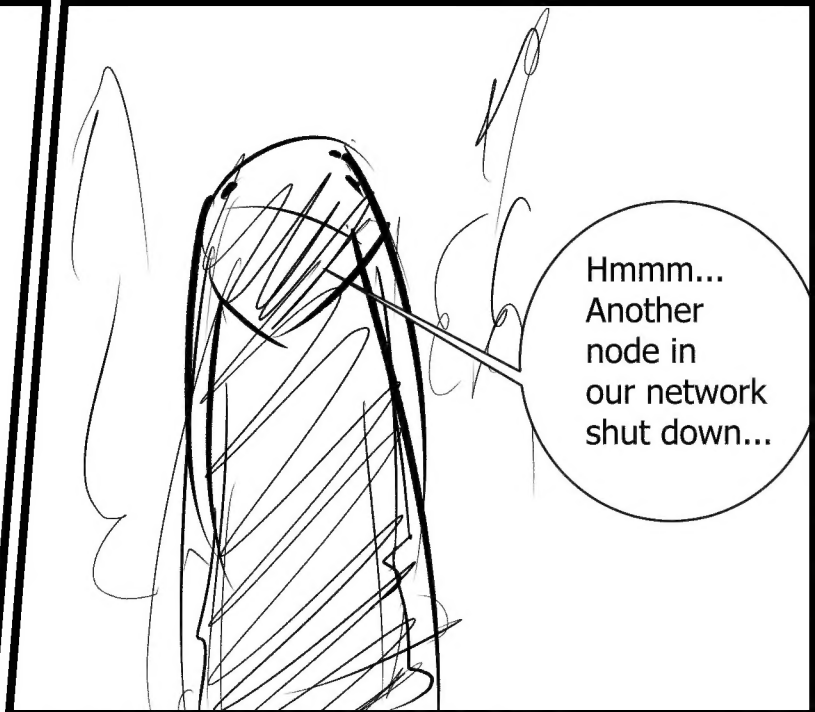

I understand quite well...

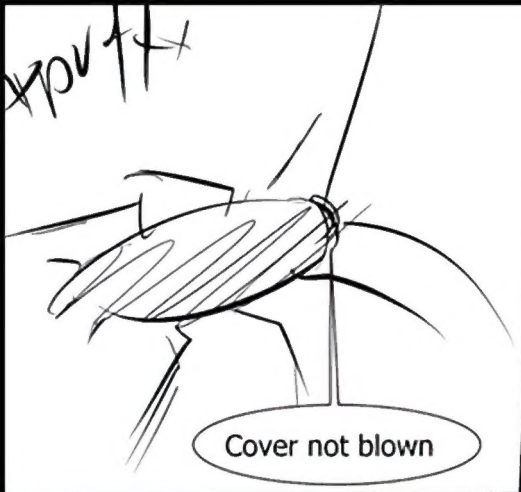

Cover not blown

Other possible treaths:
Too little information,
low status witch Kurma
could cause disturbance,
need more intel

Finall decision
depends on the
progesion of
the witch mass...
